- Index of workshops/seminars conducted on Research methodology, Intellectual Property Rights (IPR), entrepreneurship, skill development during the last five years

| S. No. | Academic year | Number of workshops/seminars conducted on Research methodology, Intellectual Property Rights (IPR), entrepreneurship, skill development | Page Number |
|--------|---------------|---|-------------|
| 1. | 2017-18 | 16 | 1-35 |
| 2. | 2018-19 | 78 | 36-178 |
| 3. | 2019-20 | 43 | 179-270 |
| 4. | 2020-21 | 119 | 271-482 |
| 5. | 2021-22 | 157 | 483-630 |

3.3.2 Number of workshops/seminars conducted on Research methodology, Intellectual Property Rights (IPR), entrepreneurship, skill development during the last five years

3.3.2.1: Total number of workshops/seminars conducted on Research methodology, Intellectual Property Rights (IPR), entrepreneurship, skill development year wise during the last five years (Link to the activity report on the website)

| S. No. | Year | Name of Workshops/Seminar/Webinar | Number of participants | Date from-to |
|--------|---------|---|------------------------|----------------|
| 1. | 2017-18 | Pre -Zonal Workshop Review Meeting | 17 | 18-19.7.2017 |
| 2. | 2017-18 | Mid-Term Review Workshop of ANDUAT, KVKs | 32 | 14-15. 12.2017 |
| 3. | 2017-18 | Assessment of nutritional status of primary school children from MDM and non MDM schools of Faizabad District of eastern UP | 6 | 20.2.2017 |
| 4. | 2017-18 | Nutritional evaluation and product development using waste leaves of vegetable | 6 | 20.2.2017 |
| 5. | 2017-18 | Nutritional assessment of school going children (6-12 years) of Kumarganj Faizabad | 15 | 26.05.17 |
| 6. | 2017-18 | Evaluation of fastfood preferences among college students of rural and urban areas | 17 | 26.05.17 |
| 7. | 2017-18 | Standardization of Organoleptically accepted linseed based products | 8 | 26.05.17 |
| 8. | 2017-18 | Standardization of Organoleptically acceptable oilseed based products | 8 | 30.05.17 |
| 9. | 2017-18 | Standardization of Organoleptically acceptable low glycemic foods | 9 | 30.05.17 |
| 10. | 2017-18 | Stability analysis for yield and its attributing traits in turmeric | 11 | 30.12.2017 |
| 11. | 2017-18 | Studies on genetic variability, correlation, path coefficient analysis and genetic | 14 | 30.05.2018 |

| | | divergence in tomato | | |
| 12. | 2017-18 | Heterosis combining ability and gene action involved for yield and quality attributing trades in tomato | 11 | 27.06.2018 |
| 13. | 2017-18 | State Level Bio-Safety Capacity Building Workshop | 80 | 10.04.2018 |
| 14. | 2017-18 | Strategies and Challenges of Veterinary Profession to Improve Livelihood, Food Security & Safety | 105 | 28.01.2018 |
| 15. | 2017-18 | Workshop on Kisan Kalyan Karyashala | 780 | 02.05.2018 |
| 16. | 2018-19 | Role of KVKs in Doubling Farmers Income | | 18.08.2018 |
| 17. | 2018-19 | Workshop on Safe Use of Insecticides | 195 | 18.08.2018 |
| 18. | 2018-19 | National Seminar - New Horizons in Animal Health and Production: Opportunities for Doubling Farmers Income | 78 | 28-29.11.2018 |
| 19. | 2018-19 | Mid-Term Review Workshop | 25 | 30.11.2018- 1.12.2018 |
| 20. | 2018-19 | Metagenomics: A tool to study the microbial diversity of rumen | 17 | 04.08.2018 |
| 21. | 2018-19 | Role of Livestock in Global Warming | 17 | 04.08.2018 |
| 22. | 2018-19 | Livestock feeding strategies during natural calamities | 17 | 04.08.2018 |
| 23. | 2018-19 | Lambing behaviour of Muzaffarnagari sheep | 17 | 30.10.2018 |
| 24. | 2018-19 | Comparison of analgesic efficiency of xylazine and ketorolac in combination with lignocaine for upper and lower intravenous regional anaesthesia (IVRA) in bovines | 19 | 02.11.2018 |
| 25. | 2018-19 | Decellularization of oesophagus and aorta of caprine origin using aqueous extract (5%) of <i>Sapindus mukorossi</i> | 19 | 02.11.2018 |
| 26. | 2018-19 | Comparison of analgesic efficiency of dexmedetomidine and tramadol in combination with lignocaine for upper and lower intravenous regional anaesthesia (IVRA) in bovines | 19 | 02.11.2018 |
| 27. | 2018-19 | Performance of broiler chickens on different litter material | 15 | 04.12.2018 |
| 28. | 2018-19 | Growth performance and behaviour of chickens under the monochromatic light V/S white light | 15 | 04.12.2018 |
| 29. | 2018-19 | Incidence and pathological study of colibacillosis in broiler birds in Gonda and Basti districts of north eastern plane zone of U.P. | 16 | 15.12.2018 |
| 30. | 2018-19 | Incidence, pathological and immunohistochemical studies of CRD of poultry | 16 | 15.12.2018 |

| | | | | |
|-----|---------|---|----|------------|
| | | in Gonda and Basti districts of north eastern plane zone of U.P | | |
| 31. | 2018-19 | Performance of broiler chickens fed diet supplemented with phytobiotic and organic acid | 24 | 18.12.2018 |
| 32. | 2018-19 | Assessment of phytobiotic and enzymes combination as an alternative of antibiotic growth promoter in broiler chickens | 24 | 18.12.2018 |
| 33. | 2018-19 | Effect of an herbal mixture, exogenous enzymes and butyric acid supplementation on the performance of broiler chickens | 24 | 18.12.2018 |
| 34. | 2018-19 | Impact of micro-mineral supplementation in the hoof disorders of cross bred cattle in Ayodhya district | 14 | 22.12.2018 |
| 35. | 2018-19 | Role of Kisspeptin in animal reproduction | 17 | 28.12.2018 |
| 36. | 2018-19 | Etiopathology of canine mammary tumor | 17 | 28.12.2018 |
| 37. | 2018-19 | Peste des petits ruminants: An overview | 17 | 28.12.2018 |
| 38. | 2018-19 | Recent trends in food science | 10 | 14-12-18 |
| 39. | 2018-19 | Functional food | 10 | 14-12-18 |
| 40. | 2018-19 | Effect of pruning intensity & foliar application of nutrients on vegetative growth yield & physio chemical characteristics of Ber | 18 | 19.06.2019 |
| 41. | 2018-19 | Studies on beverages development from Phalsa Ginger & Alovera blend | 12 | 19.06.2019 |
| 42. | 2018-19 | Pruning response to yield and quality of guava | 13 | 14.06.2019 |
| 43. | 2018-19 | Studies on genetic variability of yield and yield attributes in bottlegaurd | 12 | 26.06.2019 |
| 44. | 2018-19 | Studies on different bio-enhancer in rooting media on papaya | 11 | 18.06.2019 |
| 45. | 2018-19 | Effect of GA3 and urea growth flowering and yield of gladiolous | 17 | 20.06.2019 |
| 46. | 2018-19 | Genetic variability and characteristic evaluation on gladiolous | 19 | 13.06.2019 |
| 47. | 2018-19 | Studies on effect of foliar spray of micronutrient on growth and yield and quality of Phalsa | 12 | 07.06.2019 |
| 48. | 2018-19 | Studies on heterosis, combining ability and gene action in bottle guard | 11 | 18.06.2019 |
| 49. | 2018-19 | Nutritional evaluation and value addition of Fenugreek seed (<i>Trogonella foenumgraecum</i>) | 9 | 03-06-2019 |
| 50. | 2018-19 | Physio-chemical characterization and product development from turmeric (<i>curcuma longa</i>) varieties available at NDUA & T, Kumarganj Faizabad | 8 | 03-06-2019 |
| 51. | 2018-19 | Studies on beverage development from karonda, ginger and aonla blend | 16 | 19.06.2019 |

| | | | | |
|-----|---------|--|----|------------|
| 52. | 2018-19 | Role of Information Communication Technology (ICT) in development of Animal Husbandry | 11 | 03.01.2019 |
| 53. | 2018-19 | Genome wide marker-assisted selection | 17 | 04.01.2019 |
| 54. | 2018-19 | Advances in prevention and control of mastitis | 22 | 04.01.2019 |
| 55. | 2018-19 | Management of livestock in changing climatic scenario | 22 | 04.01.2019 |
| 56. | 2018-19 | Immune evasion mechanism of helminth parasites | 22 | 04.01.2019 |
| 57. | 2018-19 | Recent advances in veterinary vaccine technology | 18 | 09.01.2019 |
| 58. | 2018-19 | Cytokines and its importance in veterinary science | 18 | 09.01.2019 |
| 59. | 2018-19 | Breeding management in canines | 15 | 20.04.2019 |
| 60. | 2018-19 | Recent advances in management of COD in bovines | 15 | 20.04.2019 |
| 61. | 2018-19 | Recent advances in preservation of boar semen | 15 | 20.04.2019 |
| 62. | 2018-19 | Role of chelated minerals in livestock feeding | 25 | 27.04.2019 |
| 63. | 2018-19 | Feeding strategies in zoo animals | 25 | 27.04.2019 |
| 64. | 2018-19 | An overview of phytotherapy against bovine mastitis | 27 | 04.05.2019 |
| 65. | 2018-19 | Current scenario of antibiotic resistance against bovine mastitis | 27 | 04.05.2019 |
| 66. | 2018-19 | Recent advances in diagnosis and control of theileriosis | 27 | 04.05.2019 |
| 67. | 2018-19 | Management of prolapse of harderian gland in canine | 27 | 04.05.2019 |
| 68. | 2018-19 | Role of chelated minerals in livestock feeding | 27 | 04.05.2019 |
| 69. | 2018-19 | Feeding strategies in zoo animals | 27 | 04.05.2019 |
| 70. | 2018-19 | Role of Oxytocin in animal reproduction | 17 | 25.05.2019 |
| 71. | 2018-19 | Recent advances in reproductive bio techniques to augment fertility in farm animals | 17 | 25.05.2019 |
| 72. | 2018-19 | Present scenario of antibiotic resistance and role of livestock in its development | 26 | 07.05.2019 |
| 73. | 2018-19 | Recent trends in use of adjuvants in livestock vaccine technology | 26 | 07.05.2019 |
| 74. | 2018-19 | Welfare issues for broiler production | 20 | 14.05.2019 |
| 75. | 2018-19 | Gene therapy | 20 | 14.05.2019 |
| 76. | 2018-19 | Studies on the incidence, pathology, and immunohistochemistry of chronic respiratory disease of poultry in Ayodhya district of eastern Uttar Pradesh | 13 | 17.05.2019 |
| 77. | 2018-19 | An overview of phytotherapy against bovine mastitis | 12 | 01.06.2019 |
| 78. | 2018-19 | Livestock behaviour and its application | 12 | 01.06.2019 |

| | | | | |
|-----|---------|---|-----|---------------|
| 79. | 2018-19 | Electron microscopy | 12 | 01.06.2019 |
| 80. | 2018-19 | Performance of broiler chickens under different litter materials | 18 | 30.05.2019 |
| 81. | 2018-19 | Impact of monochromatic light combination and white LED on growth and behaviour of broiler chickens | 18 | 30.05.2019 |
| 82. | 2018-19 | Lambing behaviour and its association with haemato-biochemical profile in Muzaffarnagari sheep | 15 | 11.06.2019 |
| 83. | 2018-19 | Studies on therapeutic efficiency of uterine lavage, levamisole, PGF2 α and its combinations in the management of sub-clinical endometritis in buffaloes | 15 | 11.06.2019 |
| 84. | 2018-19 | Performance of broiler chickens fed diet supplemented with phytobiotic and organic acid | 20 | 20.06.2019 |
| 85. | 2018-19 | Assessment of phytobiotic and enzymes combination as an alternative of antibiotic growth promoter in broiler chickens | 20 | 20.06.2019 |
| 86. | 2018-19 | Effect of an herbal mixer, exogenous enzymes and butyric acid supplementation on the performance of broiler chickens | 20 | 20.06.2019 |
| 87. | 2018-19 | Decellularization of caprine oesophagus and aorta using 5% aqueous extract of fruit pericarp of <i>Sapindus mukorossi</i> | 15 | 20.06.2019 |
| 88. | 2018-19 | Comparison of analgesic efficiency of dexmedetomidine and tramadol in combination with lignocaine for upper and lower intravenous regional anaesthesia (IVRA) in bovine | 15 | 20.06.2019 |
| 89. | 2018-19 | Comparison of analgesic efficiency of xylazine and ketorolac in combination with lignocaine for upper and lower intravenous regional anaesthesia (IVRA) in bovine | 15 | 20.06.2019 |
| 90. | 2018-19 | Knowledge and adoption level of scientific goat rearing practices among goat farmers in Hardoi district of Uttar Pradesh. | 16 | 21.06.2019 |
| 91. | 2018-19 | Impact of mineral supplementation on hoof disorders in cattle of Ayodhya district. | 16 | 21.06.2019 |
| 92. | 2018-19 | Studies on in-vitro efficacy of <i>Embllica officinalis</i> against MRSA in buffaloes suffering from subclinical mastitis | 11 | 27.06.2019 |
| 93. | 2018-19 | Studies on the incidence and pathology of colibacillosis in broiler birds in Gonda district of North Eastern plain zone of Uttar Pradesh | 15 | 29.06.2019 |
| 94. | 2018-19 | National Seminar on "Recent tools & techniques to enhance productivity for sustainable rural development" | 205 | 19-20.02.2019 |

| | | | | |
|------|---------|---|-----|---------------|
| 95. | 2019-20 | Pre-Zonal Workshop Review Meeting | 75 | 8-9.07.2019 |
| 96. | 2019-20 | Career Orientation | 166 | 15.10.2019 |
| 97. | 2019-20 | Addressing Human Wildlife Interface Issues | 46 | 22-24.10.2019 |
| 98. | 2019-20 | Capacity Building in Disaster Management | 63 | 04.11.2019 |
| 99. | 2019-20 | Review Workshop | 23 | 25-26.11.2019 |
| 100. | 2019-20 | Workshop on National Milk Day | 48 | 26.11.2019 |
| 101. | 2019-20 | Studies on antimicrobial efficacy of Moringa olifera leaves against sub-clinical mastitis in cows | 18 | 04.10.2019 |
| 102. | 2019-20 | Effect of Azolla feeding on performance of broiler chickens | 13 | 10.10.2019 |
| 103. | 2019-20 | Performance of broiler chickens fed corn-soybean diet with phytogetic feed additives and enzymes | 14 | 19.10.2019 |
| 104. | 2019-20 | Effect of feeding blends of phytobiotics and organic acid on the performance of broiler chicken | 14 | 19.10.2019 |
| 105. | 2019-20 | Advances in diagnosis and therapeutic management of hepatic disorders in canine | 12 | 23.10.2019 |
| 106. | 2019-20 | Acaricide resistance in ticks and its management | 14 | 20.11.2019 |
| 107. | 2019-20 | Study on contraceptives efficacy of <i>Dendrophthoe falcata</i> in male dogs | 12 | 23.11.2019 |
| 108. | 2019-20 | Effect of various therapeutic regiments on estrus induction response and conception rates in anestrus cows | 12 | 23.11.2019 |
| 109. | 2019-20 | Advances in MRI | 21 | 30.11.2019 |
| 110. | 2019-20 | Advances in ultrasonography | 21 | 30.11.2019 |
| 111. | 2019-20 | Gross morphological and histological studies on the kidneys of Barbari goat | 23 | 30.11.2019 |
| 112. | 2019-20 | Studies on therapeutic efficacy of <i>Aegle marmelos</i> , Oophorinum and Progesterone on induction of estrus in post-partum anestrus buffaloes | | 02.12.2019 |
| 113. | 2019-20 | Studies on skin thickness in relation to milk production in dairy animals | 23 | 12.12.2019 |
| 114. | 2019-20 | Heat stress management in dairy cows | 23 | 12.12.2019 |
| 115. | 2019-20 | Studies on in-vitro and in-vivo anthelmintic efficacy of <i>Mounga olifera</i> leaf extracts on ovine gastrointestinal nematodes | 23 | 12.12.2019 |
| 116. | 2019-20 | Effect of herbal antioxidants on cryopreservability and fertility of Murrah bull semen | 20 | 24.12.2019 |
| 117. | 2019-20 | Effect of <i>Moringa oleifera</i> supplementation on performance of broiler | 20 | 24.12.2019 |

| | | | | |
|------|---------|--|-----|--------------|
| 118. | 2019-20 | Decellularization of caprine dermis and fish swim bladder using <i>Spindus mukoross</i> fruit pericarp extract and its use for reconstruction of skin defects in New Zealand White rabbits | 20 | 24.12.2019 |
| 119. | 2019-20 | Molecular characterization and seroprevalence studies on equine's haemoprotozoan diseases with special reference to animal trypanosomiasis (Surra) and evaluation of therapeutic efficacy of different drugs | 16 | 26.12.2019 |
| 120. | 2019-20 | Physio-chemical characterization and product development from turmeric (<i>curcuma longa</i>) varieties available at NDUA & T, Kumarganj Faizabad | 6 | 12-07-2019 |
| 121. | 2019-20 | Nutritional evaluation and value addition of Fenugreek seed (<i>Trogonella foenumgraecum</i>) | 6 | 12-07-2019 |
| 122. | 2019-20 | Studies on epidemiology, therapeutics and impact analysis of udder health kit in bovine mastitis | 14 | 09.01.2020 |
| 123. | 2019-20 | Molecular characterization & antimicrobial sensitivity pattern of Methicillin Resistant <i>Staphylococcus aureus</i> among farm animals | 16 | 10.01.2020 |
| 124. | 2019-20 | Molecular characterization & plasmid profiling of Extended –Spectrum beta-lactamase and carbapenemase producing <i>Escherichia coli</i> and <i>Klebsiella</i> of bovine origin | 16 | 10.01.2020 |
| 125. | 2019-20 | Studies on genetic characterization of non-descript sheep in Fatehpur district of Uttar Pradesh | 21 | 14.01.2020 |
| 126. | 2019-20 | Effect of feeding phytobiotics and organic acid on the performance of broiler chicken | 15 | 03.03.2020 |
| 127. | 2019-20 | Performance of broiler chicken fed corn soybean based dait with phytogetic feed additives and enzymes | 5 | 10.06.2020 |
| 128. | 2019-20 | Decellularization of Carpine Demis and Fish Swim Bladder using <i>Spindus mukoross</i> fruit pericarp extract and its use for reconstruction of skin defects in New Zealand White Rabbits | 25 | 29.06.2020 |
| 129. | 2019-20 | Genetic variability , character association and genetic divergence in brinjal | 16 | 28.06.2020 |
| 130. | 2019-20 | Capacity Building on Processing of Aonla Fruits for Value Addition | 26 | 28-31.1.2020 |
| 131. | 2019-20 | Animal Welfare and Equine Medicine | 49 | 26-28.2.2020 |
| 132. | 2019-20 | Biodiversity in Relation to Ecohealth | 96 | 05.06.2020 |
| 133. | 2019-20 | Importance and Scope of Agriculture and Allied Science in Future Building | 173 | 05.06.2020 |
| 134. | 2019-20 | Negative Energy Balance in Livestock: An Update | 135 | 20.06.2020 |

| | | | | |
|------|---------|---|-----|---------------|
| 135. | 2019-20 | COVID-19 UNLOCKDOWN: Lifestyle for Health and Livelihood | 64 | 22-24.06.2020 |
| 136. | 2019-20 | Pre -Zonal Workshop Review Meeting | 33 | 22-23.06.2020 |
| 137. | 2019-20 | Prospect of Animal Husbandry Sector in Mileau of Aatmanirbhar Bharat | 145 | 27-06-2020 |
| 138. | 2020-21 | Strengthening Animal Rabies Surveillance in the Region – Our Initiative | 110 | 28-09-2020 |
| 139. | 2020-21 | Carrier Opportunities for Veterinarians in Wild Life Sector | 90 | 08-10-2020 |
| 140. | 2020-21 | Carrier Opportunities for Veterinarians in Food Processing Industry | 95 | 06-11-2020 |
| 141. | 2020-21 | Medicinal Plant for Primary Health Care of Livestock | 118 | 04-12-2020 |
| 142. | 2020-21 | Management of Soil Biodiversity for Sustainable Agriculture | 130 | 05-12-2020 |
| 143. | 2020-21 | Orientation programme of Ist year BVSc &AH Students | 45 | 07-12-2020 |
| 144. | 2020-21 | Virtual Workshop of KVKs on Technology Back Stop | 33 | 29-30.12.2020 |
| 145. | 2020-21 | Webinar on "Prime Minister Formalization of Micro Food Processing Enterprises (PMFME) Scheme | 390 | 22-10-2020 |
| 146. | 2020-21 | A View of National Webinar on Protective Cultivation | 600 | 17-02-2021 |
| 147. | 2020-21 | National Brainstorming Webinar on Recycling of Crop Residues for Sustainable Agriculture | 621 | 22-23.03.2021 |
| 148. | 2020-21 | Workshop on Summer Peanuts and Sweet Potato in the mainstream | 200 | 08.04.2021 |
| 149. | 2020-21 | National webinar "One health in post pandemic world" | 104 | 27-04-2021 |
| 150. | 2020-21 | Response of foliar application of micronutrients and PGRs on fruit cracking in bael | 17 | 21.07.2020 |
| 151. | 2020-21 | Response of various doses of organic manure on growth and seed yield of coriander | 14 | 22.07.2020 |
| 152. | 2020-21 | Studies on the comparative performance of organic manures on yield quality and physico-chemical | 9 | 17.07.2020 |

Seminar On “Evaluation of Fast Food Preferences Among College Students of Rural and Urban Areas”

A seminar on the topic “Evaluation of Fast Food Preferences Among College Students of Rural and Urban Areas” was held on 26.5.2017 by Ms. Jyoti Tiwari (H-5997/11/15) in College of Community Science, ANDUAT, Kumarganj, Ayodhya and total no. of participants were 17.

Narendra Deo University of Agriculture & Technology,
Kumarganj, Faizabad-224 229 (U.P.) India

A

Notice

The thesis seminar of the following M.Sc. students of Food Science and Nutrition is scheduled to be held on 26.05.2017 at 10.30 am. in the Library of College of Home Science. All the members of advisory committee are requested to kindly attend the same.

| Name of the Student | Date | Timing | Thesis Topic |
|-------------------------------|------------|----------------|--|
| Jyoti Tiwari H-5997/11/15 | 26.05.2017 | 10.30 to 11.00 | Evaluation of Fast Food Preferences among College students of urban and rural areas. |
| Ruchi Pandey H-400/11/15 | 26.05.2017 | 11.00 to 11.30 | Statistical assessment of rural school going children (H-400/11/15) |
| Jyotsna Yadav H-1088/11/15 | 26.05.2017 | 11.30 to 12.00 | Formulation of Organoleptically acceptable Low cost bread products. |

National Workshop

on

“Pre -Zonal Workshop Review Meeting”

A National level workshop was conducted on “**Pre -Zonal Workshop Review Meeting**” from **18 to 19 July, 2017**. The workshop was conducted at Acharya Narendra Deva University of Agriculture and Technology, Kumarganj Ayodhya. In the beginning, **Dr. S.P. Singh**, Director Extension, NDUAT, Faizabad welcome all the dignitaries and participants. In this review meeting, 17 KVKs participated under area jurisdiction of NDUAT. The All the KVKs presented on annual progress report and annual action plan of KVKs. In introductory remarks, **Dr. S.P. Singh**, Director Extension expressed that KVKs should focus on technology assessment and act as knowledge and resource center in the district. He said that the Programme Coordinator (PC) should develop a brief presentation on major problems, priorities and existing scenario related to market; weather; input support; area, production & productivity related data on major crops; significant achievements of KVK highlighting important successful cases of the district and use this at different forums to sensitize different stakeholders. The PC is expected to guide and advise the extension machinery of the district. Use of agro-advisory service through v- KVK should be emphasized to enhance the reach of KVKs to farmers. Infrastructure, resources, soil testing lab, farmer's hostel, residential quarters, etc. of KVKS may be utilized to its full potential. Representation of NGOs, Grams Panchayat, Anganwadi Kendras, input dealers, etc. may be considered for training under extension functionaries. KVK has to establish its outreach and recognition in the district by technology dissemination and awareness creation programmers. Revolving fund may be utilized for instructional farm development. In eastern Uttar Pradesh, resource conservation technologies like zero tillage, raised bed, leaf colour chart, land laser leveller, drum seeder, system of rice intensification, etc. need to be further emphasized by the KVKS. He further stressed that in Eastern Uttar Pradesh major attention on usar land, flood prone areas, drainage system management, diversification of agriculture, etc. may be given. Each KVK should identify at least 10 farm innovators in the district. Unique indigenous material may be provided to the NBPGR, New Delhi for germ-plasm conservation & farmers rights over plant varieties may be taken care of. Technical feedback from KVK to the research system must be given top priority and its record should be maintained. Work on paddy, banana and other commodity based integrated

farming system models should be developed.

Proceedings
Pre – Zonal Workshop Review Meeting at NDUAT, Faizabad
 18-19 July, 2017

Pre zonal workshop review meeting of KVKs working under area jurisdiction of NDUAT, Faizabad was organized at Directorate of Extension, NDUAT, Faizabad during 18-19 July, 2017. In the beginning, Dr. S.P. Singh, Director Extension, NDUAT, Faizabad welcomed all the dignitaries and participants. In this review meeting, 17 KVKs under area jurisdiction of NDUAT participated and made presentation on annual progress report and annual action plan of KVK. In introductory remarks, Dr. S.P. Singh, Director Extension expressed that KVKs should focus on technology assessment and act as knowledge and resource centre in the district. He said that the Programme Coordinator (PC) should develop a brief presentation on major problems, priorities and existing scenario related to market; weather; input support; area, production & productivity related data on major crops; significant achievements of KVK highlighting important successful cases of the district and use this at different forums to sensitize different stakeholders. The PC is expected to guide and advise the extension machinery of the district. Use of agro-advisory service through v-KVK should be emphasized to enhance the reach of KVKs to farmers. Infrastructure, resources, soil testing lab, farmer's hostel, residential quarters, etc. of KVKs may be utilized to its full potential. Representation of NGOs, gram panchayat, anganwadi kendras, input dealers, etc. may be considered for training under extension functionaries. KVK has to establish its outreach and recognition in the district by technology dissemination and awareness creation programmes. Revolving fund may be utilized for instructional farm development. In eastern Uttar Pradesh, resource conservation technologies like zero tillage, raised bed, leaf colour chart, land laser leveller, drum seeder, system of rice intensification, etc. need to be further emphasized by the KVKs. He further stressed that in Eastern Uttar Pradesh major attention on usar land, flood prone areas, drainage system management, diversification of agriculture, etc. may be given. Each KVK should identify at least 10 farm innovators in the district. Unique indigenous material may be provided to the NBPGR, New Delhi for germplasm conservation & farmers rights over plant varieties may be taken care of. Technical feedback from KVK to the research system must be given top priority and its record should be maintained. Work on paddy, banana and other commodity based integrated farming system models should be developed. Interventions on making the rice-wheat system a more profitable system may be pursued. Focus on processing and value addition like banana fibre extraction may be given by developing entrepreneurs. The KVK should have a good technology cafeteria for educating the farmers. Special days like Agriculture Education Day, Farm Innovators Day, Foundation Day and Agri-Industry Day may be celebrated each year by each KVK.

Dr. Bhagwan Singh, Director Research of NDUAT, the Chairman of the Inaugural Session advocated that KVK should work as a team for addressing problematic areas. Development of innovative extension methodologies/approaches is the major role of KVK. Mobile technology has made its reach in the rural areas, it may be utilized by the KVKs for faster technology dissemination. KVK should have material, appropriate technology, tested methodology and information support for benefiting the farmers of the district. Effect of training on farmers & entrepreneurs may be studied. The delivery and work of KVKs need to be enhanced commensurate to fund allocation & expectation. Monitoring, guidance and technological backstopping at SAU level are needed for effective functioning of KVKs. Technological backstopping by the concerned State Agricultural University should be extended for the KVKs including NGO & other KVKs. The Programme Coordinator should

have ability to coordinate, guide, advise, harmonize and facilitate all the staff of the KVK for effective functioning. He should develop a mechanism of creating transparency involving all in the KVK activities. Dr. Singh advised to adopt paddy variety Swarna Sub-1 in flood prone areas, integrated farming system, etc. He said technical feedback to the research system will make a difference in technology development.

A team of experts of Directorate of Extension reviewed the progress and action plan of 17 KVKs. The important observations recorded during presentation are as under, which may be included in the Progress Report 2016-17 and Action Plan 2018-19 by all the KVKs as reference of the technology for the district:

- Focus on Rabi maize, fisheries, resource conservation technologies, perennial grasses, fodder crops, etc. may be given.
- Each SMS should conduct at least one On Farm Trial in each season. Twelve OFTs may be planned by each KVK. The Programme Coordinator should also conduct front line demonstrations and On Farm Trials.
- For latest cultivar and technologies of pulses, the KVKs should contact the IIPR, Kanpur for getting seed & technology and for other commodities, the concerned Agricultural Universities/ICAR institutes may be approached.
- SMS (Home Science) should give more focus on drudgery reduction, nutritional garden and economic development in the villages. A model nutrition garden should be developed at the KVK also.
- Enterprises for land less farmers should be planned including poultry, goatery, bee keeping, mushroom cultivation, etc. Villages having more than 30% tribals may be adopted by the KVKs specially Sonbhadra, Balrampur, Maharajganj, Gonda, Bahraich and others.
- Problem cause analysis should be done by the KVKs to design the realistic on farm trials. Common On Farm Trials on Swarna Sub-1, Chiran Sub 1, Sambha Sub-1 in flash flood areas may be developed by the KVKs of eastern Uttar Pradesh.
- Usar Dhan-3, CSR-36, CSR-43 cultivars of paddy may be promoted in *usar* affected areas by all the affected KVKs.
- On Farm Trial on Kala Namak-3 paddy variety may be planned by KVKs (Bahraich, Chandauli, Basti, Maharajganj, Balrampur, Gorakhpur, Kushi Nagar, Deoria).
- Kashi Uday cultivar of vegetable pea in place of Arkel may be promoted.
- Activities on minor millets may be planned by KVK Sonbhadra and Mirzapur and related crop cafeteria may be developed at the KVK.
- Fund flow from host organisation to KVK should be smoothened so that activities may be organised at appropriate time.
- Critical monitoring and facilitation from Directorate of Extension is essentially required to make the KVKs more vibrant.

National Workshop
on
“Mid-Term Review Workshop”

A National level workshop was conducted on “**Mid-Term Review Workshop**” from 14 to 15 Dec, 2017. The workshop was conducted at Directorate of Extension, Acharya Narendra Deva University of Agriculture and Technology, Kumarganj Ayodhya. The chief Petron of workshop was **Dr. Akhtar Haseeb**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. **Dr. Atar Singh**, PS (Agronomy), Chaired the Mid Term Review meeting; other officials of ANDUA&T such as Extension; **Dr. S.P. Singh**, DE; **Dr. Bhagwan Singh**, Director Research; **Dr. R.R. Singh**; **Dr. S.K. Singh**, Head, KVK Sonbhadra; **Dr. S.K. Tomar**, Head, KVK Siddhartha Nagar; Head of Division of ANDUA&T Kumarganj, Ayodhya were present. The Agenda and welcome address was given by Director Extension to the participating members of the Mid Term Review meeting and Head of KVKs. There were 24 Head of KVK were present out of which 17 from ANDUA&T, Kumarganj, Ayodhya and 7 KVKs of ICAR, NGOs, and Educational Institutes of Area Jurisdiction of ANDUA&T, Kumarganj, Ayodhya. Thereafter, the agenda items were discussed and following recommendations were made.

Dr. Akhtar Haseeb given remarks during the Mid Term Review Meeting that those who are coming late in the Review Meeting they must be issued a notice from the Director of Extension side. He was in the opinion that why AUCS have not given to the ICAR-ATARI Kanpur. He narrated that KVK is assessor not evaluator. He further said that Director Extension is intended to PCs for money must be given. Regarding input and chittha should be submitted by 7th of every month by all the PCs and DE. They are visiting regularly to the University officially but why file is not moving. He showed his displeasure that 29 files Xerox copy is with me some of the specific KVKs identified. He was in the opinion that Directorate is not working. He said many centers having problem of Electricity, Vehicle & staff they must work accordingly. KVK Basti should prepare for National Award as well as Zonal Award and other centers should also come forward for the submission of Award application.

Revised Proceeding of the Mid Term Review Meeting at NDUA&T, Faizabad
during 14-15 December, 2017.

The meeting of Mid Term Review was held on 14-15 December, 2017 at Directorate of Extension, NDUA&T Faizabad. In this Review Meeting Dr. Akhtar Haseeb, Honourable Vice Chancellor, NDUA&T, Faizabad was Chief Guest; Dr. Atar Singh, PS (Agronomy), Chaired the Mid Term Review meeting; other officials of NDUA&T such as Extension; Dr. S.P. Singh, DE; Dr. Bhagwan Singh, Director Research; Dr. R.R. Singh; Dr. S.K. Singh, Head KVK Sonbhadra; Dr. S.K. Tomar Head KVK Siddhartha Nagar; Head of Division of NDUA&T Faizabad were present. The Agenda and welcome address was given by Director Extension to the participating members of the Mid Term Review meeting and Head KVKs. There were 24 Head of KVK were present out of which 17 from NDUA&T, Faizabad and 7 KVKs of ICAR, NGOs, and Educational Institutes of Area Jurisdiction of NDUA&T, Faizabad. Thereafter, the agenda items were discussed and following recommendations were made.

Dr. Akhtar Haseeb given remarks during the Mid Term Review Meeting that those who are coming late in the Review Meeting they must be issued a notice from the Director of Extension side. He was in the opinion that why AUCs have not given to the ICAR-ATARI Kanpur? He narrated that KVK is assessor not evaluator. He further said that Director Extension is intended to PCs for money must be given. Regarding input and *chittha* should be submitted by 7th of every month by all the PCs and DE. They are visiting regularly to the University officially but why file is not moving? He showed his displeasure that 29 files Xerox copy is with me some of the specific KVKs identified. He was in the opinion that Directorate is not working. He said many centers having problem of Electricity, Vehicle & staff they must work accordingly. KVK Basti should prepare for National Award as well as Zonal Award and other centers should also come forward for the submission of Award application.

Honorable VC said KVK reviewed again and he should know the progress made by the KVKs. It has been planned that Honourable VC starting writing CR of the KVK Persons. They must have one page summary of all the Scientist, Senior Scientist & Head and DE for CR. DE should put coordinated effort as per duty, coordinate and take the work and provide the facility to the KVKs delivery system such as ICAR, University should be strengthened. He warned that in future a preparatory meeting should be planned and held at Directorate of Extension level and a summary report should be submitted to the VC office a week before, purpose is that by discussion for utilizing the best. The Honorable VC urged to all the Head of KVKs to purchase GPS device and Camera for keeping proper information and records.

In the beginning Director Extension, Dr. S.P. Singh welcome to the participating scientists and dignitaries and presented the agenda items for the Midterm review meeting regarding work done past six month and development of Annual Action Plan for 2018-19. He said that there is 32 vacant posts in 17 KVK of NDUA&T, Faizabad.

Dr. Atar Singh, Principal Scientist (Agronomy), ICAR-ATARI, Kanpur given the remarks on expected results based on work done and future Action Plan. He highlighted some of the issues for better functioning of the KVKs and the other activities to be carried out as per the Direction of the Division of Agriculture Extension ICAR-New Delhi.

In the beginning of the meeting some important issues raised by Dr. Atar Singh, PS, ICAR-ATARI, Kanpur.

1. One page summary – Target & Achievement with short fall reasons.
2. Action Plan, summary table of targets.
3. Separate Action plan for Home Science should be included in Action Plan.
4. Animal Science OFT proposed are common to all as per discussed in review meeting should incorporate in Action Plan.
5. 3000 target of Soil Sample – Status and develop 10000 soil health cards.
6. Development of 250 soil Health Card, impact study for saving fertilizer and money as different districts.
7. Latest staff position at KVKs should be given to ICAR-ATARI, Kanpur.
8. 5 technologies provided by KVK is incomplete, this may be edited by the Head of KVK and resubmit at the earliest.
9. Inclusion of Hydroponics technology in Action plan for Urban & semi urban KVKs.
10. Mini soil testing labs given to 45 KVKs & remaining 36 new proposed.
11. Earnet services stopped therefore, budget may be available for net etc. rupees up to 1000/-
12. Expenditure & Utilization of Budget – should locked out – AUCs.
13. Best Awardee KVK put on website & submission of award application by 26 December, 2017 for the purpose a meeting will be called on 15 January, 2018 at ICAR-ATARI, Kanpur.
14. Impact study of adopted village changes last 6 years in 2 times (3 year basis), changes may, outcome production, sustainability, water table, Social Impact and economical etc.
15. Every year 05th December will be observed as World Soil Health Day.
16. Jai Kisan & Jai Vigyan will be observed during 23-29 Dec., 2017 and celebrated as a technological week.
17. 16-31 Oct, 2018 will be observed as Swacchata Abhiyan by KVKs
18. Registration of farmers at Kisan portal of Govt. of India.
19. KVK should collect the list of 5000 farmer family and Database for Publication.
20. IFS Model proposed have been approved for 14 KVKs.
21. We are planning to provide fund for functioning ATIC such as Rs. 5 Lakh for functioning one time grant Rs. 2 Lakh for every year.
22. Training hall should be busy by KVK and made inventory & training should be 200 hours & 60 hours report should be to ASCI (Agricultural Skill Council of India).
23. KVK Impact assessment worked out at National basis.

These outcomes are finding in the review meeting of KVKs.

KVK Sidharth Nagar

- Revolving Fund is Rs. 40 lakh which is appreciable
- Check & Correct the boron doses in OFT
- Good presentation

KVK Sant Ravi Das Nagar

- Mention of row ratio in OFT No.5 (Intercropping of Jowar, Urd, Mung, Sesamum with Pigeon pea)
- Give Caption on action photograph
- Short fall in training should be taken care.

KVK Baharaich

- Parameter data is not given should be taken care.
- 80% crop damage in NICRA due to flood, contingency planning should be done after flood.
- In OFT-4 should not be concluding after two years and based on recommendation should be done.
- In OFT -5 change the treatment (Pulling of dead heart at vegetative stage)
- OFT no.11 of Home science should be incorporated in FLD and include New OFT as planned.
- In NICRA the thematic area is flood prone, but proposed NDR359, use flood resistant variety.

KVK Ballia

- Short fall in training meet the targets in remaining 6 month.
- Change the target of soil sample in place of 500 samples.
- OFT no.1 on raised bed pigeon pea should be taken in FLD
- OFT should be designed on soil test basis
- Title of OFT should be change.

KVK Mau

- Custom hiring should not be taken in demonstration
- Take the service of home scientist nearby KVKs, for achieving the targets.

KVK Chandauli

- Short fall in training, this should be achieved during 6 months.
- Production of KVK farm is very low & send the district data
- Check & correct the OFT- 4, 6, 8, 9, 11 as suggested by the house.
- OFT should be concentrated on problem of the district.
- Include farmers practice in OFT 2 for comparison.

KVK Basti

- Good presentation
- Revolving Fund is Rs. 30 lakh which is appreciable
- KVK should apply for National/Zonal KVK Award
- Data done should be taken with on Goatry unit.

KVK Varanasi

- OFT-4 treatment should be on soil-test based.

KVK Faizabad

- No Caption on photographs.
- Check & correct OFT-1 it should be in RBD.
- Check & correct OFT-6 should be incorporated in FLD.

KVK Gonda

- Short fall in training, must achieved during remaining period.
- Check & correct number of Extension activities.
- Give the name of local variety.
- Change the target of soil sample in place of 1500 to 3000.

KVK Gorakhpur

- Check & correct number of Extension activities.
- Check & correct OFT 1 incorporate Almix in place of 2-4D.
- Check & correct OFT 6 very old.
- Check & correct OFT 8 should be taken in FLD.
- Check & correct OFT 11 (change variety in T2)
- Mention no, of demonstrations in FLD.

KVK Maharajganj

- Check & correct data of wheat FLD 2016-17, the gap is the 10 quintal/ha, quantify it.
- In FLD parameter is not mentioned, give the supporting character of yield.
- Check & correct OFT 2, wheat variety HD 2967 have taken in late sown condition problem based interventions should be planned.

KVK S.K.Nagar

- Check & correct variety in OFT 7 as suggested.
- Training proposed in plant protection is very low.
- Check & correct number of Extension activities.

KVK Ambedkarnagar

- In OFT 7 give the chemical name in place of trade name.
- Check & correct variety in OFT 10, 11
- Check & correct number of Extension activities.

General Observations

- Farm yield reported very low compared to FLDs/OFT conclude at farmer's field.
- FLDs/OFTs should be conducted based on Soil test basis and data should be incorporated in report.
- Location specific interventions should be planned to solve the problem.
- Timely submission of UCs/AUCs and reports on demand to facilitate the KVK for smooth functioning.
- Submit the publications to ICAR-ATARI Kanpur, published by scientists of KVK.
- Target of soil sample should be 3000.
- Improvement in OFT on weed is needed as per suggestion.
- Head of KVKs to purchase GPS device and Camera for keeping proper information and records.

National Workshop on “State Level Bio-Safety Capacity Building”

A national level workshop was conducted on “State Level Bio-Safety Capacity Building” during 10th April, 2018. The workshop was organized by **Biotech Consortium India Limited** and **College of Agriculture, Acharya Narendra Deva University of Agriculture and Technology, Kumarganj, Ayodhya**. The **Chief Patron** of seminar was **Dr. J. S. Sandhu**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The organizing secretary of the programme were **Prof. K. N. Singh**, Dean, College of Agriculture, ANDUAT, Kumarganj, Ayodhya. **Total 90 (Scientists and Students)** of our university from College of Fisheries, College of Veterinary Science, College of Horticulture and Forestry, College of Agriculture and College of Home Science, other university and institutes etc. were participated.

National Seminar
on
“Strategies and Challenges of Veterinary Profession to Improve Livelihood, Food Security and Safety”

A national level Seminar was conducted on “**Strategies and Challenges of Veterinary Profession to Improve Livelihood, Food Security and Safety**” on 28 April, 2018. The seminar was conducted by College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of seminar was **Dr. D. S. Singh**, Retired Professor of College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The organizing secretary of the programme were Dr. Sushant Srivastava and Dr. V. K. Singh, College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. In this seminar, 105 participants were benefited and learn about the strategies how people improve their Livelihood and Food Security in local areas and what are the major challenges in husbandry practices and their possible measure to make the double farmers income. In this programme 17 veterinary pharmaceutical companies and industries people were participated and briefly describe their product specification and their importance in recent husbandry practices.

Workshop
on
“Kisan Kalyan Karyashala under Gram Swaraj Abhiyan”

A workshop was organized “Kishan Kalyan Karyashala/Diwas” under Gram Swaraj Abhiyan on 2nd May, 2018. This workshop organized by each Krishi Vigyan Kendra under the jurisdiction of ANDUAT, Kumarganj, Ayodhya with support from ICAR-ATARI, Kanpur. Progressive farmers were honoured for their excellent work in the field of agriculture and horticulture during the programmes. Apart from highlighting the good agriculture and allied practices, the farmers were also explained at length on the centrally sponsored schemes and state plan schemes and flagship programmes of various departments. They were given seeds and manure free of cost including agricultural tools. The speakers highlighted the importance of agriculture with regard to the economy as well as cultural significance. Reflecting on the lack of opportunities due to diminishing agricultural land, Representatives exhorted the farmers to adopt agriculture based businesses. They also reiterated on increasing productivity through intensification of crop per unit area, use of improved machineries and tools and commercial production of crops. Senior Scientist & Heads of KVKs emphasized on use of technology in farming system, post-harvest management and marketing. They informed that many new initiatives like Krishi Rinn Yojna, Adarsh Gram Yojna, White Revolution schemes have already been launched by the state government. They further informed that this year state budget has specially given priority to Agriculture & allied sectors. Total 780 famers were benefitted from this workshop.

Certificate of Appreciation distributed by hon'ble VC Dr. J.S. Sandhu during Kisan Kalyan Diwas organized by KVK Ayodhya

National Workshop

On

“Safe use of Insecticides”

A National level workshop was conducted on “Safe use of Insecticides” during **18 August, 2018**. The workshop was conducted at Auditorium Hall, Acharya Narendra Deva University of Agriculture and Technology, Kumarganj Ayodhya. The **Chief Patron** of workshop was **Dr. Sai Das**, Hindustan Insecticide Ltd. Delhi. The workshop was conducted in the presence of **Honorable Vice Chancellor, Dr. J.S. Sandhu**, ANDUAT, Kumarganj, Ayodhya. The Speaker of workshop was **Dr. A. K. Singh**, Hindustan Insecticide Ltd. Delhi. The 195 participants were participated in this workshop and lean about the awareness of safe use of Insecticide. The Speaker covers the aspects related to purchasing, storage, handling, preparing stray solution, and applying Spray solution. The insecticide always purchased by registered pesticide dealers having valid license, only just required quantity of pesticides for single operation in a specified area, See Batch No., Registration Number, Date of Manufacture/ Expiry on the labels. During the storage the pesticide always keep away from house premises, keep pesticides in original containers, where pesticides have been stored, area should be marked with warning signs. While preparing the spray solution, always use clean water, use protective clothings viz., hand gloves, face masks, cap, apron, full trouser, etc. to cover whole body, Always protect your nose, eyes, ears, hands, etc. from spill of spray solution, read instructions on pesticide container label carefully before use, prepare the solution as per requirement and Granular pesticides should be used as such. While applying the spray solution the following point should be take care: Apply only recommended dose and dilution, spray operation should be conducted on cool and calm day, spray operation should be conducted on sunny day in general, use recommended sprayer for each spray, Spray operation should be conducted in the wind direction, after spray operation, sprayer and buckets should be washed with clean water using detergent/soap,

Discussion by Honorable Vice-Chancellor Sir

Participants in Workshop

National Seminar

on

“New Horizons in Animal Health and Production: Opportunities for doubling Farmers Income”

A National Seminar was organized on “**New Horizons in Animal Health and Production: Opportunities for doubling Farmers Income**” on **28-29 November, 2018**. The seminar was conducted by the College of Veterinary Science and Animal Husbandry, ANDUAT, Kumarganj, Ayodhya in collaboration with the Rashtriya Krishi Vikas Yojna. The **Chief Patron** of seminar was **Dr. Bijendra Singh**, Hon’ble Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. About **78 participants** were benefited from the seminar. The objective of seminar was to highlight the various techniques which can be used in improving the health of animals. The improvement of livestock has traditionally focused on the selective breeding of individuals with superior phenotypes to allow better performance at farmer level. The selective breeding approach increased the production in cost effective way with maintain the healthy livestock of animal. In addition to that several other integrated approaches were discussed to increase the productivity as well as double farmer production by using the waste of one crop into another crops. The outcome was to harness different aspects of the livestock industry to hasten breed development for improved animal health and welfare, enhanced reproduction, and improved nutritional quality and doubling farmer income.

Technical Session -

- All the KVKs have presented the Action Plan for selected DFI villages but the selected interventions are too much and in general. Therefore it is required to reconsider and prepare specific and concrete action plan and accordingly action is required on priority. It was also discussed that Head quarter will initiate the action in formulation of the proper DFI Action plan.

Director Extension
A.N.D.U.A.T. Kumarganj
Ayodhya

- It has been observed that there is a need of clarity regarding the NARI project. This project is designed for the nutritional empowerment of farm families. It is therefore required to consider the holistic approach. In this context the association of the Agronomy and horticulture discipline is as important as Home Science Scientist. Action Plan for NARI should be reframed and submitted to ATARI, Kanpur directly. It was also decided that the farm families in DFI villages may be selected for the implementation of the project. Nutritionally rich crop/varieties must be given priority for cultivation in this project along with coarse and minor Millets. Proven technologies should be included in the programmes.
- Target of soil sample to be analysed and Soil Health Card to be made as per the resources. However it is very much needed to analyse the impact of Soil Health Card on the total consumption of fertilizer and the ultimate effect on the economics.
- During the presentation it has been observed that in majority, IFS has not been initiated yet; therefore the specific district wise programme for IFS should be framed. It is also essential to mention that the budget allotted for this programme could not be utilized earlier due to one or other regions and therefore the efforts of the Head Quarters level is required to reallocate the budget with ATARI, Kanpur.
- Most of the KVKs have not presented VATICA and as such a comprehensive instruction is required for preparation of the project in prescribed format.

Director Extension
A.N.D.U.A.T. Kumarganj
Ayodhya

Registrar
A.N.D. Univ. of Agri. & Tech.
Kumarganj, Ayodhya

- Variety of private sectors should not be included in OFT. Varieties tested/ recommended by the university/ ICAR may be incorporated.
- In OFT photographs of control plots and improved technology should also be presented.
- The advisory services through m-Portal are also in very starting phase and therefore proper sensitization and guidance is needed for starting this effective programme.
- All the Head of KVKs have presented six month progress report and Action Plan for 2019-2020 nicely as per the instructions, however few KVKs Kushinagar, Ballia, Mau, and Maharajganj were instructed for making the proper presentation.
- It has also requested all the senior colleagues of KVKs to help other colleagues of KVKs for formulation of effective plan.
- The presentation should be strictly based on instructions received from ATARI, Kanpur.
- Most of the KVKs have not presented the present status of livestock unit which is an integral part of IFS system.
- Regarding the number of OFTs it is very clear that all scientists should formulate at least two OFTs at a time. The number of treatment selected should not be more than three and the experienced personnel of the university must be consulted for finalization of the OFT programmes.
- Some KVKs have presented their work very nicely as per instructions received i.e. KVK Basti, Gorakhpur I, Amethi, Deoria, Gonda I, Azamgarh I, Baharaich II, Jaunpur I and Mirzapur.

Workshop on “Role of KVKs in Doubling Farmers Income”

A workshop was conducted to evaluate the performance of KVKs in doubling farmers’ income, by Directorate Extension, Acharya Narendra Deva University of Agriculture & Technology, Kumarganj, Ayodhya under the Chairmanship of **Dr. J. S. Sandhu**, Hon’ble Vice Chancellor, ANDUAT, Ayodhya on 18th August, 2018. At the outset, **Prof. A. P. Rao**, Director Extension, Directorate of Extension, ANDUAT welcomed Vice Chancellor, Nodal Officer (KVKs), all Senior Scientists & Heads and SMSs present at the workshop. **Dr. J. S. Sandhu**, in his remarks, congratulated all Senior Scientists & Heads and staffs of the KVKs for their excellent performance in doubling farmers’ income. He emphasized the KVKs to give special importance on conduction of DFI projects since the programme is being monitored by highest authority. He briefed about the objectives of the workshop and outlined the manner in which it was going to be conducted. He mentioned about the seven points strategy for doubling the farmers’ income by 2022. He also stressed upon the convergence level with different line departments to achieve the desired goal of doubling the farmers’ income. During the workshop all the Sr. Scientist & Heads of Krishi Vigyan Kendra of ANDUAT gave the presentation regarding the baseline survey and the already disseminated technologies in their respective adopted village for the doubling the farmers’ income by 2022. Finally the workshop concluded with recommendation from the different stake holders. The house suggested preparation of intervention wise and year wise module for individual household. The workshop ended with a vote of thanks by Dr. R. R. Singh, Professor, Soil Science, Directorate of Extension. Total 27 participants were participated in this programme.

Director Extension Prof. A. P. Rao welcomed the dignitaries and participants of Workshop

National Seminar
on
“Recent Tools & Techniques to Enhance Productivity for Sustainable Rural Development”

A national level Seminar was conducted on “Recent Tools & Techniques to Enhance Productivity for Sustainable Rural Development” from 19 to 20 February, 2019. The seminar was conducted by College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of seminar was **Dr. J. S. Sandhu**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The organizing secretary of the programme was **Dr. Sushant Srivastava**, College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The Scientists and Students of our university like College of Fisheries, College of Veterinary Science, College of Horticulture and Forestry, College of Agriculture and College of Home Science, other university and institutes etc. were participated and presented their posters and Research papers.

College of Veterinary Science & A. H. NDUAT, Kumarganj, Ayodhya

Letter No: NDUAT/53/8/Credit Seminar/2019/16 Dated: 03-04-2019

Notice

The Credit Seminar of M. V. Sc. and Ph. D. students of the College of Veterinary Science & A. H. will be held in the seminar hall of the college as per the following schedule-

| Name of the student | Id. No. | Dept. | Topic of the seminar | Date | Time |
|---------------------------------------|-----------------|-------------------------------------|---|----------|---------------|
| Dr. Anil Kumar (M.V.Sc.) | V-10597/18 | Veterinary Gynaecology & Obstetrics | “Breeding management in canines” | 20-04-19 | 10-11 AM |
| Dr. Safayat Husain (M.V.Sc.) | V-10598/18 | Veterinary Gynaecology & Obstetrics | “Recent advances in management of COD in bovines” | 20-04-19 | 11 AM-12 Noon |
| Dr. Shubhendra Vikram Singh (M.V.Sc.) | V-10599/18 | Veterinary Gynaecology & Obstetrics | “Recent advances in preservation of boar semen” | 20-04-19 | 12 Noon-1 PM |
| Dr. Ankit Kumar Singh (M.V.Sc.) | V-10595/18 | Animal Nutrition | “Role of chelated minerals in livestock feeding” | 27-04-19 | 11 AM-12 Noon |
| Dr. Subham Tiwari (M.V.Sc.) | V-10596/18 | Animal Nutrition | “Feeding strategies in zoo animals” | 27-04-19 | 12 Noon-1 PM |
| Dr. Styavrat Singh (Ph.D.) | V-10625/18 | Veterinary Medicine | “An overview of phytotherapy against bovine mastitis” | 04-05-19 | 10-11 AM |
| Dr. Yadav Sandeep Kumar (M. V. Sc.) | V-10592/18 | Veterinary Medicine | “Current scenario of antibiotic resistance against bovine mastitis” | 04-05-19 | 11 AM-12 Noon |
| Dr. Vijendra Kumar Pal (Ph.D.) | V-10626/18 | Veterinary Parasitology | “Recent advances in diagnosis and control of theileriosis” | 04-05-19 | 12 Noon-1 PM |
| Dr. Saurabh (Ph.D.) | V-4208/08/14/18 | Veterinary Gynaecology & Obstetrics | “Role of Oxytocin in animal reproduction” | 25-05-19 | 11 AM-12 Noon |
| Dr. Pushkar Sharma (Ph.D.) | V-9598/16/18 | Veterinary Gynaecology & Obstetrics | “Recent advances in reproductive bio techniques to augment fertility in farm animals” | 25-05-19 | 12 Noon-1 PM |

All the faculty members and PG students are requested to attend the same.

College of Veterinary Science & A. H. NDUAT, Kumarganj, Faizabad
 Letter No: NDUAT/53/8/Thesis Seminar/2019/ 82- Dated: 20/06/2019

Notice

The Thesis Seminar of the following M. V. Sc. students of the College of Veterinary Science & A. H. will be held in the seminar hall of the college as per the following schedule-

| Name of the student | Id. No. | Dept. | Topic of the seminar | Date | Time |
|---------------------------|--------------|---|---|----------|-------------------|
| Dr. Alka Yadav | V-9084/15/17 | Animal Nutrition | Performance of broiler chickens fed diet supplemented with phytobiotic and organic acid. | 20-06-19 | 11.0-11.40 AM |
| Dr. Amit Tewari | V-5690/11/17 | Animal Nutrition | Assessment of phytobiotic and enzymes combination as an alternative of antibiotic growth promoter in broiler chickens. | 20-06-19 | 11.40 AM-12.20 PM |
| Dr. Dileep Kr. Chaudhary | V-5698/11/17 | Animal Nutrition | Effect of an herbal mixer, exogenous enzymes and butyric acid supplementation on the performance of broiler chickens. | 20-06-19 | 12.20-1.0 PM |
| Dr. Ravi Prakash Goel | V-10096/17 | Veterinary Surgery & Radiology | Decellularization of caprine oesophagus and aorta using 5% aqueous extract of fruit pericarp of <i>Sapindus mukorossi</i> | 20-06-19 | 3.0-3.40 PM |
| Dr. Yogendra Singh | V-10097/17 | Veterinary Surgery & Radiology | Comparison of analgesic efficiency of dexmedetomidine and tramadol in combination with lignocaine for upper and lower intravenous regional anaesthesia (IVRA) in bovine | 20-06-19 | 3.40-4.20 PM |
| Dr. Ranjeet Kumar | V-10095/17 | Veterinary Surgery & Radiology | Comparison of analgesic efficiency of xylazine and ketorolac in combination with lignocaine for upper and lower intravenous regional anaesthesia (IVRA) in bovine | 20-06-19 | 4.20-5.0 PM |
| Dr. Pradeep Kumar | V-5716/11/17 | Veterinary & Animal Husbandry Extension Education | Knowledge and adoption level of scientific goat rearing practices among goat farmers in Hardoi district of Uttar Pradesh. | 21-06-19 | 11.0-11.40 AM |
| Dr. Pragya Prakash Mishra | V-10094/17 | Veterinary Surgery & Radiology | Impact of mineral supplementation on hoof disorders in cattle of Ayodhya district. | 21-06-19 | 11.40 AM-12.20 PM |

All the faculty members and PG students are requested to attend the same.

National Workshop
on
Pre -Zonal Workshop Review Meeting

A National Workshop was organized on “**Pre -Zonal Workshop Review Meeting**” on **8-9 July, 2019**. The workshop was conducted by the ICAR-Agricultural Technology Application Research Institute (ATARI), Kanpur. The **Chief Patron** of workshop was Hon’ble **Yogi Aditya Nath (Chief Minister), Uttar Pradesh**. The **Speaker** of workshop were **Dr. U.S. Gutam, VC, BUAT, Banda, Dr. J.S. Sandhu, VC, ANDUAT Ayodhya, Dr Brijendra Singh, DG, UPCAR**. About **75 participants** were benefited from the workshop. In this session, Director, ICAR-ATARI, Kanpur Dr Atar Singh presented the brief accounts of the achievements of the ATARI & KVKs during 2018-19. Dr. U.S. Gautam, VC, BUAT told about the achievement of KVK of BUAT during 2018-19. He also appeal that revolving fund of BUAT KVK should be return by the CSUA&T, Kanpur. Hon’ble Vice-Chancellors of the University Dr. J S Sandhu gave his remarks how the KVKs works are being recognized at the National and state level and therefore KVK must sustain their hard work. He extended his thanks to the Hon’ble Chief Minister ji for extending financial support to the selected KVKs of the States for strengthening their infrastructure facilities.

“Addressing Human Wildlife Interface Issues”

A three days capacity building workshop was organized on “Addressing Human Wildlife Interface Issues” on 22-24 Oct, 2019 by College of Veterinary Science & Animal Husbandry, ANDUAT, Kumarganj Ayodhya. The organizing secretary of programme was **Dr H. N. Singh**, Dean, College of Veterinary Science & Animal Husbandry, ANDUAT, Kumarganj Ayodhya. The resource person of workshop were **Dr. Bhupen Sharma**, Professor, Guwahati, **Dr R. K. Singh**, Senior Veterinary Officer, Kanpur Zoological Park, **Dr Brijendra Mani Yadav**, Veterinary Officer, Zoological garden, Lucknow, **Dr. Daya Shanker**, Veterinarian, Dudwa National Park and **Mr. Rohit Ravi**, Biologist, WWF. A total 46 undergraduate and post graduate students of Veterinary College were benefitted. The students learnt about handling, restraint, diagnosis and disease management of wild animals from this workshop. A practical demonstration on the restraining techniques especially the use of dart guns was very informative. Transport of animals, rehabilitation procedure and feeding in captivity was dealt in details by Dr Brijendra Mani Yadav. Dr Daya Shankar gave Demonstration of Veterinary Rescue Equipments. Finally Assessment of participants was conducted. This 3 days workshop improved the skills of student related to wild flora and fauna, preparing them for the job opportunities in wild life.

“Capacity Building in Disaster Management”

A one day workshop was organized on “Capacity Building in Disaster Management” on 4th, Nov, 2019. The workshop was organized by College of Veterinary Science & Animal Husbandry, ANDUAT, Kumarganj Ayodhya. The chief guest of workshop was **Dr. A. P. Rao**, Director Extension, ANDUAT, Kumarganj Ayodhya. The organizing secretary of workshop was **Dr. Namita Joshi**, Professor, College of Veterinary Science & Animal Husbandry, ANDUAT, Kumarganj Ayodhya. The resource person of workshop were **Dr. Dr Monika Gupta**, NDMA Professor, Guwahati, **Dr Akash Maheshwari**, World Animal Protection and Team from NDRF: team leader Capt Vinit Kumar. A total 63 participant were benefitted from this training. The students learnt about an overview of disaster management in India, VERU programs on Animals in Emergencies, disaster risk assessment, planning and operations for animals, emergency management cycle, first aid protocols and an overview of the animal causalities. A demonstration session to handle situation at the time of disaster was held by the team of 5 members from NDRF, they also demonstrated the mock drills or mock exercises, first aid protocols using locally available things for emergencies like head injury, bleeding etc. the team also demonstrated how to survive in emergencies like floods etc. Students participated in mock exercises and learnt the lifesaving skills to deal in these emergency situations.

National Workshop

on

“Review Workshop”

A National level workshop was conducted on “Review Workshop” from 25 to 26 Nov, 2019. The workshop was conducted at **Indian Council of Agriculture Research- "Agricultural Technology Application Research Institute, Kanpur**. The programme was started by **Dr. Shantnu Kumar Dubey PS (AE)** with a welcome to all the participants, resource persons, Director Extension, (CSAUT), Head KVKs and Scientists from different KVKs. The progress work and action plan (2020-21) was achieved for different projects, OFTs, FLDs, CFLD Pulses & oils seed, NARI, KSHAMTA, DFI etc.

Proceedings of Review Workshop of NDUAT Faizabad KVKs on 25-26 Nov. 2019

Two days Review workshop organized by ICAR-ATARI, Kanpur, The Programme was started by Dr. Shantnu Kumar Dubey PS (AE) with a welcome to all the participants resource person, Director Extension (CSAUT), Head KVKs and scientists from different KVKs. The progress work and action plan (2020-21) was reviewed for different projects, OFTs, FLDs, CFLD Pulses & Oilseed, NARI, KSHAMTA, DFI etc.

KVK Baharich: Crop wise area, production, and productivity of district profile shown in the presentation. In OFT on maize crop, treatment T₂ should be selected. Technology selected should be a clear problem based on major commodity of the district as per suggestion. In OFT on control of insect in pigeon pea crop through insecticide only treatment T₂ should be selected, the action plan should be revised. Take only two treatments T₁ as farmer practices and T₂ as the new technology selected

KVK Mau: In OFT on Mustard crop the treatment T₁ should be taken as farmer practices and technology selected should taken as T₂.

KVK Varanasi: Only 11 OFTs should be done by KVK. In Use of insecticide for brinjal crop, spinosad @1ml/2.5liter water should be applied as per suggestion. OFT of Aswagandha is to be replaced by other horticulture OFT as per area and demand of the crop. Any technology tested by OFT at farmers field should be in limited area and then spread by FLDs. Mango seedling OFT should be changed in insect, pest, drop of flower and other problems addressed by scientists as per suggestions given.

KVK Sidhartnagar: Reporting of CRM project should be as per target and achievement based. Focused for only 6 OFTs due to only 3 scientists at this KVK.

Director EXTENSION

Ayodhya

Director Extension
A.N.D.U.A.T. Kumarganj
AYODHYA

KVK Ayodhya: In action plan 2020-21, mention of 100 number of courses is compulsory as per the targets assigned by ICAR.

KVK Maharajganj: In wheat crop, OFT designed for fertilizers should be as per soil test based recommendations.

KVK Sonbhadra: Selection of technology in NICRA village should be suitable as per climatic vulnerability. Action plan should be revised.

KVK Azamgarh: CRM activity should be conducted by demonstration only not as a OFT. Wheat variety should be selected as per performance based.

KVK Barabanki: In OFT on wheat, only one variety should be selected as per the performance.

KVK Chandauli: OFT of the longbean should be changed to other major areas of vegetable crops in Chandauli district.

KVK Santkabirnagar: All OFT should be conducted with two treatment T₁ & T₂. OFT on Pigeon pea should be changed by other best insecticide as per suggestion.

KVK Ambedakarnagar: Only two treatments must be used for any OFT. OFT on Pigeon pea is to be conducted with IPM Technology.

KVK Mirzapur: Quantity of seed production for any crop should be as per demand based.

KVK Gonda-I: In soil test based fertilizer application, show fertilizer saving in figures and also show saving of money and yield increase for any crop.

KVK Ghazipur: OFT on Banana intercropping with T₁ & T₂ should be conducted.

KVK Amethi: OFT on Mango orchard renovation and treatment of plant should be changed. Take a new OFT, where data can be collected only in one year.

KVK Jaunpur: Yield gap between OFTs conducted and district yield should be analysed and presented.

Director Extension
A.N.D.U.A.T.

Director Extension
A.N.D.U.A.T., Kumarganj
AYODHYA

KVK Sultanpur-2: In OFT on brinjal crop, T₁ & T₂ should be merged as per the suggestion given. In OFT on bottle gourd treatment, variety should be selected based on its performance. Revised action plan should be submitted.

KVK Sultanpur. OFTs on Drum seeder of paddy should be replaced by ZT machine.

KVK Gonda-2: Seed production target presentation in action plan by KVK should be in concurrence with the target assigned by ICAR. OFT on Drum seeder should be changed and new OFT should be planned. OFT on brinjal variety should be replaced to Kashi Sandesh and action plan should be revised.

KVK Ghazipur-II: In OFT on paddy treatment, T₂ & T₃ should merged.

KVK Kushinagar: Over all OFTs should be done in two treatments (T₁ & T₂). OFT of crop production & livestock should be designed by related scientists as per suggestions.

KVK Sultanpur-I; OFT No. 4 should be deleted. Assesment of RCT should be done with and without.

KVK Gorakhpur-2: Technology based intervention supported farmers' income. Only 2 OFTs should be conducted by each scientist at the KVK, action plan should be revised.

General Instruction:-

1. Under OFT/FLD, Economics must be calculated.
2. Under fertilizer application trial, fertilizer should be applied on the basis of soil testing.
3. OFT is a research trial it should be conducted in a limited area.
4. Target presented in action plan by KVKs should be in concurrences with target assigned by ICAR.
5. Photographs should be labeled with relevant captions and photos related to OFTs/FLDs, training, must be presented in the reports.

Webinar
on
“COVID-19 UNLOCKDOWN: Lifestyle for Health and Livelihood”

A Webinar was conducted on “COVID-19 UNLOCKDOWN: Lifestyle for Health and Livelihood” on 22-24 June, 2022. The webinar was conducted by the College of Community Science, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar were **Dr. Jatinder Gulati, Dr. Neelam Yadav, Dr. Alka Goel, Dr. S. P. Maurya, Dr. Rita Raghuvanshi, Dr. Sudhir Singh** etc. Around **64 participants** were benefited from the webinar. They mentioned the COVID-19 pandemic situations, it is the defining global health crisis of our time and the greatest challenge we have faced since World War Two. Since its emergence in Asia late last year, the virus has spread to every continent except Antarctica. The pandemic is moving like a wave countries are racing to slow the spread of the virus by testing and treating patients, carrying out contact tracing, limiting travel, quarantining citizens, and cancelling large gatherings. Educational institutions are closed. COVID-19 has the potential to create devastating social, economic and political crises that will leave deep scars. Every day, people are losing jobs and income, with no way of knowing when normality will return. The outcome of webinar was, people will learn how to protect yourself during the unlock Down conditions by using different precautions.

कार्यवृत्ति

- विषय:- निदेशक प्रसार की अध्यक्षता में कृषि विज्ञान केन्द्रों के वरिष्ठ वैज्ञानिकों की दिनांक 22-23 जून, 2020 को वार्षिक क्षेत्रीय कार्यशाला के पूर्व आयोजित बैठक की कार्यवाही।
दिनांक 22-23 जून, 2020 को प्रसार निदेशालय के सभाकक्ष में पूर्वाह्न 10.30 बजे से निदेशक प्रसार की अध्यक्षता में समस्त कृषि विज्ञान केन्द्रों के वरिष्ठ वैज्ञानिकों की वार्षिक क्षेत्रीय कार्यशाला के पूर्व एक बैठक सम्पन्न हुई। उक्त बैठक में मुख्य अतिथि माननीय कुलपति महोदय के साथ-2 कृषि विज्ञान केन्द्रों के वरिष्ठ वैज्ञानिक एवं अध्यक्ष तथा प्रसार निदेशालय के वैज्ञानिक उपस्थित रहे जो कि निम्नवत् है:-

| क्रम सं० | उपस्थित अधिकारियों के नाम | पदनाम | कृषि विज्ञान केन्द्र का नाम |
|----------|---------------------------|------------------------------|-----------------------------|
| 1. | डा० विजेन्द्र सिंह | माननीय कुलपति महोदय | विश्वविद्यालय |
| 2. | डा० ए०पी० राव | माननीय निदेशक प्रसार | प्रसार निदेशालय |
| 3. | डा० आर०आर० सिंह | गृह विज्ञान विशेषज्ञ | प्रसार निदेशालय |
| 4. | डा० रवि प्रकाश मौर्य | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | बलिया |
| 5. | डा० वी०पी० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | बलरामपुर |
| 6. | डा० संजीव कुमार | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | वाराणसी |
| 7. | डा० शशिकान्त यादव | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | अयोध्या |
| 8. | डा० नरेन्द्र रघुवंशी | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | जौनपुर द्वितीय |
| 9. | डा० एस०के० कन्नौजिया | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | जौनपुर प्रथम |
| 10. | डा० एस०पी० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | चन्दौली |
| 11. | डा० राम गोपाल यादव | विषय वस्तु विशेषज्ञ | सोनभद्र |
| 12. | डा० ए०के० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | संतकबीर नगर |
| 13. | डा० एल०सी० वर्मा | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | सिद्धार्थ नगर |
| 14. | डा० आर०सी० वर्मा | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | गाजीपुर |
| 15. | डा० सौरभ वर्मा | विषय वस्तु विशेषज्ञ | सुलतानपुर |
| 16. | डा० रामजीत | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | अम्बेडकर नगर |
| 17. | डा० एस०एन० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | बस्ती |
| 18. | डा० एस०के० वर्मा | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | सुलतानपुर |
| 19. | डा० आर०के० आनन्द | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | अमेठी |
| 20. | डा० एम०पी० सिंह | प्रभारी अधिकारी | बहराइच प्रथम |
| 21. | डा० वी०पी० शाही | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | बहराइच द्वितीय |
| 22. | डा० एस०के० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | बाराबंकी |
| 23. | डा० डी०पी० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | महराजगंज |
| 24. | डा० के०एम० सिंह | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | आजमगढ़ |
| 25. | डा० एस०के० तोभर | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | गोरखपुर |
| 26. | डा० ओ०पी० वर्मा | वरिष्ठ वैज्ञानिक एवं अध्यक्ष | गोण्डा-द्वितीय |
| 27. | ई० एस०एन० सिंह चौहान | प्रभारी अधिकारी | मऊ |
| 28. | डा० अनिल कुमार | विषय वस्तु विशेषज्ञ | प्रसार निदेशालय |
| 29. | डा० वी०पी० चौधरी | विषय वस्तु विशेषज्ञ | प्रसार निदेशालय |
| 30. | डा० पंकज कुमार | विषय वस्तु विशेषज्ञ | प्रसार निदेशालय |

माननीय मुख्या अतिथि ने अपने सन्बोधन में कहा कि केन्द्र के समस्त कार्मिक एकजुटता के साथ भित्तजुलकर कार्य करें। केन्द्र पर अपनी उपस्थिति प्रतिदिन समय से दर्ज करायें। प्रत्येक वैज्ञानिक दो-दो ग्राम को गोद लेकर कृषि से सम्बन्धित विकास कार्यों को गति दें। निदेशक प्रसार महोदय ने कहा कि क्षेत्रीय स्तर पर आयोजित होने वाले इस कार्यशाला में कम समय में अपनी बात को सटीक ढंग से प्रस्तुत करने की आवश्यकता है। अतः आप सभी यह सुनिश्चित करें कि केन्द्र का प्रस्तुतीकरण अटारी कानपुर द्वारा दिये गये दिशानिर्देशों के अनुरूप 10-12 स्लाइड में ही हो जाय जिससे किसी भी प्रकार की अव्यवस्था से बचा जा सके। केन्द्रों के प्रस्तुतीकरण के दौरान कृषि विज्ञान केन्द्रों को निम्नलिखित निर्देश जारी किये गये:-

1. सिद्धार्थनगर : स्लाइड की संख्या को कम कर 14-15 स्लाइड में अपनी बात रखें। अनावश्यक फोटो को हटाकर स्लाइड में एकरूपता लायें। डी०एफ०आई० और ओ०एफ०टी० की स्लाइड को ठीक करें।

M.D.U.A.T. Kumarganj

2. बलरामपुर : केन्द्र की उपलब्धियों की स्लाइड को ठीक करें तथा स्लाइड्स में एक्सन फोटोग्राफ्स भी सम्मिलित करें।
3. आजमगढ़ : केन्द्र की उपलब्धियों की स्लाइड को ठीक करें तथा स्लाइड्स में एक्सन फोटोग्राफ्स भी सम्मिलित करें।
4. अम्बेडकर नगर : केन्द्र की उपलब्धियों की स्लाइड को ठीक करें तथा स्लाइड्स में एक्सन फोटोग्राफ्स भी सम्मिलित करें।
5. जौनपुर : एफ0एल0डी0 एवं प्रशिक्षण की स्लाइड को समराइज्ड करें। स्टाफ तथा प्रवासी गजदूरों की योजना की भी स्लाइड बनायें तथा बीजांतपादन की स्लाइड को ठीक करें।
6. चन्दौली : ओ0एफ0टी0, स्टाफ, संसाधन के स्लाइड तैयार करें एवं प्रवासी गजदूरों की योजना भी सम्मिलित करें।
7. वाराणसी : सक्सेज रटोरी की स्लाइड को हटा दें। कलर एवं फान्ट ठीक करें। एफ0एल0डी0 के डाटा को रिवायर्ड करें और अपनी बात 12-14 स्लाइड में ही रखें।
8. जौनपुर-द्वितीय : अवांछनीय स्लाइड को हटा दें। डी0एफ0आई की सूचना उपलब्ध कराये।
9. सोनमढ़ : सभी स्लाइड में इम्प्रूवमेंट की आवश्यकता है। एफ0एल0डी0 के आंकड़ें व्यवस्थित करें।
10. बलिया : सभी स्लाइड में इम्प्रूवमेंट की आवश्यकता है। एफ0एल0डी0 के आंकड़ें व्यवस्थित करें।
11. गऊ : सभी स्लाइड में इम्प्रूवमेंट की आवश्यकता है। एफ0एल0डी0 के आंकड़ें व्यवस्थित करें।
12. महाराजगंज : सभी स्लाइड में इम्प्रूवमेंट की आवश्यकता है। एफ0एल0डी0 के आंकड़ें व्यवस्थित करें।
13. अमेठी : कुछ स्लाइड्स को ठीक करने की आवश्यकता है।
14. गाजीपुर : कुछ स्लाइड्स को ठीक करने की आवश्यकता है।
15. बाराबंकी : कलर काम्बीनेशन ठीक कर लें। स्लाइड के रंग एवं फान्ट को भी ठीक कर लें।
16. बहराइच : कलर काम्बीनेशन ठीक कर लें। स्लाइड के रंग एवं फान्ट को भी ठीक कर लें।
17. रानाकबीर नगर : कलर काम्बीनेशन ठीक कर लें। स्लाइड के रंग एवं फान्ट को भी ठीक कर लें।
18. गोरखपुर : कलर काम्बीनेशन ठीक कर लें। स्लाइड के रंग एवं फान्ट को भी ठीक कर लें।
19. बस्ती : एक्सन प्लान, सी0एफ0एल0डी0 आयलसीड एवं पल्सेस के लिए अलग से स्लाइड बनायें।
20. बहराइच - प्रथम : ओ0एफ0टी0, एफ0एल0डी0 एवं प्रशिक्षण की स्लाइड को ठीक करें। आर0के0वी0वाई की स्लाइड आले।
21. अयोध्या : अनावश्यक स्लाइड को हटाये। आर0के0वी0वाई की स्लाइड डालें।
22. गोण्डा : कलर काम्बीनेशन ठीक कर लें। स्लाइड के रंग एवं फान्ट को भी ठीक कर लें।
23. सुल्तानपुर : कलर काम्बीनेशन ठीक कर लें। स्लाइड के रंग एवं फान्ट को भी ठीक कर लें।

डा० आर०आर० सिंह, प्राध्यापक/प्रसार विशेषज्ञ (मृदा विज्ञान) जी के धन्यवाद ज्ञापन के साथ बैठक समाप्त हुई।

National Webinar
On
“Prospects of Animal Husbandry Sector in Mileu of Aatmnirbhar Bharat”

A webinar was conducted on “Prospects of Animal Husbandry Sector in Mileu of Aatmnirbhar Bharat” on 27 June, 2020. The webinar was conducted by College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The programme organizing secretary was **Dr S. K. Maurya**, Assistant Professor. The eminent speakers of webinar were **Dr. B. N. Tripathi**, DDG, Animal Science ICAR, New Delhi, **Dr. S. K. Garg**, Former, Vice Chancellor DUVASU, Mathura, **Dr. G. K. Singh**, Vice Chancellor DUVASU, Mathura and **Dr. R. S. Chauhan**, Professor, C. V. Sc. GBPUAT, Pantnagar. The **145 participants** were benefited from this webinar. They cover the integration of different crops to get the maximum benefit at farm level. The all the speakers cover different aspect of animal husbandry practices and disease management. As an India is blessed with huge livestock wealth and has first rank in total livestock population in the world. India’s total livestock population is 535.78 million numbers in 20th Livestock Census in 2019. The growth rate shows that it is increased of 4.60 % over the 2012 livestock census. As we know India is at first rank with 209.96 MT (million tones) total milk production in 2020-2021. India’s total meat production is 8.81 million tones (2020-21, DAH, D&F). But only 2% of total meat production is utilized for processed meat industry. The livestock sector alone contributes nearly 30.87% of value of output at current prices of total value of output in Agriculture, Fishing & Forestry sector. The overall contribution of Livestock Sector in total GVA of India is nearly 6.17% at current prices during current year. Human population is increasing exponentially.

National Workshop
on
“Carrier Opportunities for Veterinarians in Food Processing Industry”

A national level workshop was conducted on “**Carrier Opportunities for Veterinarians in Food Processing Industry**” during 06 November, 2020. The workshop was conducted by College of Veterinary Sciences & Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of workshop was **Dr. Bijendra Singh**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The organizing secretary of the programme were Dr. Namita Joshi, Professor and Dr. J. P. Singh. The Speakers of programme was Dr. Ram Babu Sharma, National Coordinator, NAHEP-Innovation Grant Project. The **95 participants** were benefited from the workshop programme. The speaker covers the Food Processing sector in India has a quintessential role in linking Indian farmers to consumers in the domestic and international markets. The Ministry of Food Processing Industries (MoFPI) is making all efforts to encourage investments across the value chain. Veterinary services and veterinary education and training must keep pace with the constantly changing patterns of agriculture and food processing. Changes in methods of animal production are associated with many problems of food processing and food quality. Veterinary supervision of the animal feed industry and of meat and distribution is essential. Quality testing of meat, milk, and eggs requires the introduction of suitable routine sampling systems, laboratory procedures, and complex evaluation procedures. Food hygiene problems have changed in recent years not only as a result of new methods of animal production, but also because of changes in food processing technology and in the presentation of food to the consumer, increased environmental pollution, increased international trade, and increased tourist travel.

National Webinar
on
“Medicinal Plant for Primary Health Care of Livestock”

A National Webinar was conducted on “**Medicinal Plant for Primary Health Care of Livestock**” on **04 Dec, 2020**. The webinar was conducted by the College of Veterinary Science and Animal Husbandry, ANDUAT, Kumarganj Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar was Dr. V. Ramashankar. **Around 118 participants** were benefited from the webinar. The objective of webinar was, how to use locally available medicinal plants for livestock health. The plant-based traditional medicines meet the primary healthcare needs, ethno-veterinary practice is harmed by the acculturation and depletion of plant habitats because of environmental degradation, deforestation, and overexploitation of medicinal plants themselves. The use of medicinal plants, is playing a significant role in meeting the livestock healthcare needs of the Konar ethnic groups in Tamil Nadu, and hence is a viable practice. Easy access to herbal resources and their free or low cost along with acceptance to traditional herbal medicine and lack of modern healthcare facilities in the rural areas are viewed by the community as the reasons for herbal treatment being continued as a viable practice by the konars for cattle ailments. The outcome of webinar was, the participants leaned about different locally available medicinal plants for the livestock health in a cost-effective way.

Virtual Seminar
on
“Management of Soil Biodiversity for Sustainable Agriculture”

A Virtual Seminar was organized on “**Management of Soil Biodiversity for Sustainable Agriculture**” on the occasion of World Soil Day-5 December, 2020. The seminar was conducted by the College of Agriculture, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of seminar was **Dr. Bijendra Singh**, Hon’ble Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The invited speakers of seminar were **Dr. D. K. Sharma and Dr. S.K. Singh**. Total **130 participants** were benefited from the seminar. The objective of seminar was to highlight the importance of soil biodiversity to sustaining (agro-)ecosystem functioning and explore directions for future research. They focused on soil microbial diversity confers protection against soil-borne disease, but crop and soil type and management also play a role. Their relative importance as well as the role of biodiversity in multi-trophic interactions warrant further study. Henceforth, we focus on the effects of plant and soil biodiversity on nutrient and water use efficiencies as important ecological functions in agro-ecosystems. The available evidence suggests that mycorrhizal diversity positively contributes to nutrient and, possibly, water use efficiency. Soil fauna effects on nutrient and water use efficiencies are also apparent, but diversity effects may be indirect, through effects on soil structure. The outcome was to design different practices model for maintenance of soil biodiversity for sustainable crop production.

Webinar on "Prime Minister Formalization of Micro Food Processing Enterprises (PMFME) Scheme"

A Webinar was conducted on "Prime Minister Formalization of Micro Food Processing Enterprises (PMFME) Scheme" on 22.10.2020. The webinar was conducted by the ANDUAT, Kumarganj, Ayodhya and Ministry of Food Processing Industries, Government of India. The **chief Patron** of webinar was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar were **Dr. Ankit Sharma, Dr. Rajeev Singh, Dr. V. K. Yadav and Dr. Sanjay Singh etc.** Around 390 participants were benefited from the webinar. The objective of webinar was, how to produce micro foods in different forms. Speaker mentioned the Indian food processing industry has a wide variety of food products and the largest production base. There are over 25,00,000 food processing units in the unorganised food processing sector in India, with 66% of them located in rural areas and over 80% owned by family-based businesses providing an income source to rural communities. On June 29, 2020, Prime Minister, Sri. Narendra Modi, launched a Pradhan Mantri Formalisation of Micro food Processing Enterprises (PMFME) Scheme, under the 'Aatmanirbhar Bharat Abhiyan' and 'Vocal for Local' campaigns, to provide technical, financial and business support to micro food processing units in the country. The participant learned about the micro food production techniques of different value added products.

Webinar

on

Prime Minister Formalization of Micro Food Processing Enterprises (PMFME) Scheme

22 October, 2020

Organized by

College of Horticulture and Forestry, Acharya Narendra Deva University of Agriculture & Technology, Ayodhya (Uttar Pradesh)

in

Ministry of Food Processing Industries, Government of India

Inaugural Session

| | | |
|-----------------|--|--|
| 11:00-11:05 hrs | Webinar address | Dr. D.P. Das Dean, CSE, ANDUAT, Ayodhya |
| 11:05-11:11 hrs | Introductory remark | Dr. Gajendra Singh Director Research, ANDUAT, Ayodhya |
| 11:15-11:21 hrs | Brief Report of Programme | Dr. Bhagwan Das Professor, FIIT & Organizing Secretary, ANDUAT, Ayodhya |
| 11:25-11:55 hrs | Inaugural address & Blessings by Chief guest | Dr. Bijendra Singh Hon'ble Vice-Chancellor, ANDUAT, Ayodhya |
| 11:55-12:00 hrs | Vote of Thanks | Dr. Jaisant Singh Associate Professor, AGI & Organizing Secretary |

Technical Session - I

| Time | Key Speaker | |
|-----------------|---|--|
| 12:00-12:30 hrs | Business Prospects in Meat Sector | Dr. Girish Paul B Principal Scientist, ICAR-NRI on Meat, Hyderabad (A.P.) |
| 12:30-12:40 hrs | Discussion | |
| 12:40-13:20 hrs | Food Security and Food Safety for Aquaculture: Issues | Dr. Anil Sharma Director, ISSAI, Govt. of India |
| 13:20-13:30 hrs | Discussion | |
| 13:30-14:30 hrs | LUNCH | |
| 14:30-15:00 hrs | Food Processing Policy of U.P. Government | Mr. V.R. Yadav FPO, Govt. of U.P. |
| 15:00-15:10 hrs | Discussion | |
| 15:10-15:40 hrs | Prospects and Challenges of Vegetable Processing in India | Dr. Nishir Singh Sr. Principal Scientist, ICAR-IIVB |
| 15:40-15:50 | Discussion | |
| 15:50-16:00 | Concluding remarks & Blessings | Dr. Bijendra Singh Hon'ble Vice-Chancellor, ANDUAT, Ayodhya |
| 16:00-16:05 | Vote of Thanks | Dr. Jaisant Singh Associate Professor, ADB & Organizing Secretary |

National Workshop

on

“Virtual Midterm Review Workshop of KVKs”

A National level workshop was conducted on “**Virtual Midterm Review Workshop of KVKs**” from 29 to 30 December, 2020. The workshop was conducted by Virtual Mode under area jurisdiction of ANDUAT, Kumarganj, Ayodhya. Midterm workshop started on scheduled time with the welcome remarks of Director Extension ANDUAT Kumarganj, Ayodhya, **Prof A.P. Rao**. After that, **Director ICAR-ATARI** Kanpur put his expectations from all the KVKs. Total **33 KVKs** participated in the virtual conversation. **Dr. Shantanu Kunar Dubey**, PS, ICAR-ATARI, Kanpur gave his opinion about the workshop and instructed KVKs for achieving the target. Technical sessions were chaired by **Prof. A.P. Rao** and **Dr. Shantanu Kunar Dubey** and facilitated by **Dr. Raghwender Singh**, PS (Horti) ICAR-ATARI, Kanpur and **Dr. Sadhna Pandey**, PS (Home Sc.). Conveners were Head KVK Gorakhpur, Dr. S.K, Tomar, and Head KVK Barabanki, Dr. S.K. Singh. The technical session started with the presentation of progress report for six month (January-June 2020) and action plan for the year 2021.

**Proceedings of Virtual Midterm Review workshop of KVKs under area Jurisdiction of
ANDUAT, Ayodhya held on 29 - 30 Dec. 2020**

A Virtual Midterm review workshop of KVKs under area jurisdiction of ANDUAT, Ayodhya was organized on 29-30th December 2020. Midterm workshop started on scheduled time with the welcome remarks of Director Extension ANDUAT Kumarganj, Ayodhya, Prof A.P. Rao. After that Director ICAR-ATARI Kanpur put his expectations from KVKs. Dr. S.K. Dubey PS ICAR-ATARI Kanpur gave his opinion about the workshop and instructed KVKs for achieving the target. Technical sessions were chaired by Prof. A.P. Rao and Dr. Shantanu Kumar Dubey and facilitated by Dr. Raghwender Singh, PS (Horti) ICAR-ATARI Kanpur and Dr. Sadhna Pandey, PS (Home Sc.). Conveners were Head KVK Gorakhpur, Dr. S.K. Tomar, and Head KVK Barabanki, Dr. S.K. Singh.

The technical session started with the presentation of progress report for six month (January-June 2020) and action plan for the year 2021. The suggestions made during the presentation are as follows-

1. Bahraich:

1. Area under one treatment in field crops should be half acre.
2. In OFT related to Sulphur and Boron management in mustard, fertilizer dose should be based on soil test.
3. Home scientist will prepare at least 2 OFT on nutrition.
4. In FLD nutritional garden should be at 20 farmers' field.
5. Vocational training should be of minimum 5days.
6. Include new varieties in FLD.(Not more than 10 years old.)
7. Banana based OFT/FLD should be in plan.

2. Mau:

1. Target of seed production should be 200 q/annum.
2. In OFT 2 problem diagnosed was not matching with observations to be recorded.
3. KVK Mau will revise the OFT with consulting university scientists.

3. Basti:

1. In OFT related to control of Top Borer in sugarcane, it was suggested to use complete package of IPM.
2. Nutritional garden should be atleast 20 farmers' field.
3. Home scientist will prepare at least 2 OFT on nutrition.

 Director Extension
 A.N.D.U.A.T. Kumarganj
 Ayodhya

 Registrar
 A.N.D. Univ. of Agri. & Tech.
 Kumarganj, Ayodhya

4. Formation of 2 FPO is essential.

4. Ballia:

1. Slides not up to the mark hence improvement is needed.
2. In OFT related to management technology for shoot & fruits borer in brinjal, use of pheromone trap should be included in IPM treatment.
3. In OFT related to Varietal evaluation of Bottle gourd, variety must be of same group.
4. In OFT keep only 2 treatments.
5. Delete OFT related to Potato Planting with Potato Planter.
6. In OFT related to nutrient management, use balance fertilizer dose based on soil test was suggested.
7. In FLD include new varieties. The variety should not be more than 10 years old.
8. In onion FLD correct onion variety name.

5. Varanasi:

1. Extension activity should not be more than 20.
2. In OFT related to Ashwagandha, correct the detail of variety.
3. Revised the horticulture OFT.
4. Include OFT in NARI.
5. In FLD, Check variety should be mentioned.

6. Siddharthnagar:

1. Result of nutritional garden is required.
2. In IPM related OFT, include complete IPM practice.
3. In OFT results, don't use paper cuttings. Only related data and photograph is sufficient.

7. Gorakhpur:

1. Selection of weedicide should be as per dominance of weeds in the field.
2. Use of fertilizer in OFT should be based on soil test.
3. Use only two treatments in OFT.

8. Azamgarh:

1. Head should be clear on all the treatments / things at the time of presentation.
2. In FLD, check variety should be mentioned.
3. In IPM related OFT, use complete IPM package.
4. In OFT wheat variety DBW-107 may be replace with better option.

Director Extension
A.N.D.U.A.T. Kumarganj
Ayodhya

Registrar
A.N.D. Univ. of Agri. & Tech.
Kumarganj, Ayodhya

9. Bahraich II:

1. In OFT on variety Rajendra Bhagvati, replace it with the variety of local institution.
2. Use new variety of onion.
3. Use variety of institution in spite of private companies.

10. Maharaj Ganj:

1. Area under one treatment in field crops should be half acre.
2. Home scientist will prepare at least 2 OFT on nutrition.
3. In FLD nutritional garden should be at 20 farmers' field.
4. Vocational training should be of minimum 5 days.

11. Sonbhadra:

1. In OFT, New short duration varieties of paddy should be taken in place of Shusk Samrat, Sahbhagi.
2. Shusk Samrat, Sahbhagi will be demonstrate in FLD
3. In OFT of Wheat take only 2 treatments, 1st is Farmers practice and 2nd is technology.
4. OFT of Tomato should be check, reframe and resubmit to ATARI.
5. In OFT of Home Science take only 2 treatments , 1st is Farmers practice and 2nd is technology,
6. Source of Technology ie, ICAR/SAUs is not clear, check it.

12. Azamgarh:

1. Head should be clear on all the treatments/things at the time of presentation.
2. In FLD, check variety should be mentioned.
3. In OFT on IPM, use complete IPM package.
4. In OFT on wheat, variety DBW-107 may be replaced with better option.
5. Check data of CFLD in which area expansion and productivity is not clear, it should be clear.

13. Barabanki:

1. Data presented by KVK Barabanki is in good manner.
2. Staff position in KVK is very less. Present time no official staff at KVK.
3. OFT should be on nutrition management

14. Balrampur:

1. In OFT take only 2 treatments, 1st is Farmers practice and 2nd is technology
2. Include OFT in NARI.
3. In FLD, Check variety should be mentioned.

 Director Extension
 A.N.D.U.A.T. Kumarganj
 Ayodhya

 Registrar
 A.N.D. Univ. of Agri. & Tech.
 Kumarganj, Ayodhya

15.Chandauli:

1. In OFT of paddy, source of technology Kala Namak – 3 is not clear.
2. In OFT of paddy, trade name should not be taken. Take only chemical name.
3. In zero tillage OFT, source of technology is wrong. It is from IIWSR and not from ANDUAT
4. Reframe OFT on tomato and resubmit to ATARI.
5. In OFT on Wheat, the variety DBW-187 is not from ANDUAT. It is from IIWBR.
6. Revise all OFTs and submit to ATARI.

16.Jaunpur:

1. In OFT of soil science, treatment 02 should be on soil test basis.
2. In OFT of Urd, mention weed name and give the chemical name in place of trade name.
3. In OFT 04, source of technology of false smut is wrong.
4. Please check the source of technology, which is incorporated in OFT.

17.Gonda-I:

1. New varieties of onion should be taken in OFT, Variety ALR is very old.
2. In OFTs only two treatments should be taken.
3. In OFT of false smut in rice should be changed and incorporate seed treatment + propiconazole. It may be discussed with experts and redesign.
4. OFT of home science should be reframed, incorporate nutrient based OFT in place of storage bin.

18. Shravasti:

1. In OFT of paddy, please check the area and reduce it up to ½ acre for one OFT. Incorporate only two treatments in OFTs.

19.Amethi:

1. In all OFTs take only two treatments.
2. Recheck OFT on chickpea.
3. OFT related to study on impact of homemade wheat cerelac on infant health should be checked and reframed.

20.Ayodhya:

1. Recheck the summary of progress in which the number of courses in training is not justified.
2. Recheck the observation and parameters in OFTs & FLDs.

Director Extension
A.N.D.U.A.T. Kumarganj
Ayodhya

Registrar
A.N.D. Univ. of Agri. & Tech.
Kumarganj, Ayodhya

3. In OFT hybrid variety of vegetable pea should not be incorporated. Take variety Kashi Nandini in place of hybrid variety.
4. SMS Horticulture should reframe one OFT on nutritional garden and adopt one nutri village.

21.Sant Kabir Nagar:

1. If the recommendation of mustard variety is for normal sown condition, it should not be taken in late sown condition.

22.Ambedkar Nagar:

1. In OFT on use of weedicide, check the weedicide which is pre-emergence or post emergence and reframe.
2. In OFTs, take full package of practices which were released from institute.
3. OFT on IPM should be reframed and submitted to ATARI, and full IPM module should be taken in OFT.
4. In OFT of bottle guard, only one variety should be taken.

23.Jaunpur – II:

1. In OFT on management technology of Die-Back in Mango Orchard, doses of copper oxychloride should be checked.
2. In OFT on mineral mixture, trial should be for 03 months.

24.Gonda - II:

1. In summary of progress, targets should be as such of ICAR norms.
2. OFT of paddy seed treatment should also be taken. Data of income should also be incorporated.
3. Reframe OFT of tomato.
4. The title of moringa OFT should be changed.
5. Reframe all OFTs of home science and submit to ATARI.
6. Reframe OFT on paddy and submit to ATARI.

25.Sultanpur - II:

1. In summary of progress target should be as such of ICAR norms.
2. Check and correct data of B:C ratio in DFI and also recheck the equivalent yield.

26.Gazipur – II:

1. In related to weed management in Kharif season Blackgram, observation should be taken on weed infestation, plant propagation and production also.

Director Extension
A.N.D.U.A.T. Kumarganj
Ayodhya

Registrar
A.N.D. Univ. of Agri. & Tech.
Kumarganj, Ayodhya

27. Bhadohi:

1. OFT related to Income generation of farm women through TutiFruti, should be transferred in FLD.
2. Revise and reframe OFT-10
3. Number of demonstrations on Nutrition garden should be 50 in a village.

28. Mirzapur:

1. In OFT on Management of shoot & fruit borer in brinjal through new bio-pesticides, add soil solarization.
2. Target of activities should be as per ICAR norms.

29. Gazipur – I:

1. Target of activities should be as per ICAR norms.
2. OFT related to Evaluation of time of plantation in banana crop should be reframed and resubmitted to t to ATARI, Kanpur.
3. In OFT on evaluation of Azolla feed supplement on milk yield and infertility among dairy cattle, mention the dose of azolla in OFT per day per animal.

30. Deoria:

1. In OFT on Performance of paddy trans-planter in transplanted rice take only two treatments.
2. OFT related to Residue management in wheat sown by Zero-till/happy seeder/Super Seeder machine should be revised and resubmitted to ATARI.
3. OFT related to evaluate/ identify most suitable variety of Wheat New HYV DBW-187 under irrigation condition should be revised based on soil.
4. OFT related to intercropping of cowpea in spring sown sugarcane with trench /ring method should be transferred in FLD.
5. OFT on Indian natural farming on the basis of cow product (use of cow dung/ vermi-compost, bijamrit and Jiwamrit) should be reframed. Technology should be from research institute.

31. Kushi Nagar:

1. In OFT related to impact of diversification on socio-economic status of farmer's, keep only two treatment. T1 as farmer practice and T2 as one best technology.
2. OFT on hybrid rice should be revised according to rice wheat cropping system.

Director Extension
A.N.D.U.A.T. Kumarganj
Ayodhya

Registrar
A.N.D. Univ. of Agri. & Tech.
Kumarganj, Ayodhya

3. In OFT on Intercropping of cauliflower in banana crop, mention row ratio of cauliflower in banana i.e., 2:1.
4. Quantity of mulching should be mentioned in chilly.
5. In OFTs test best technology against farmers' practice..

32.Sultanpur:

1. In OFT – 04 reframe and resubmit to ATARI.
2. In OFT related to Impact of carbo-sulfan to reduce pod borer infestation in chickpea, use IIPR kit.
3. IFFCO is not a source of technology; give the name of research institute.

33.Gorakhpur - II:

1. In OFT on cauliflower recheck the spray duration of FAS.
2. In OFT – 08 recheck the source of technology.
3. In OFT – 09 check the dose of fertilizer in paddy.

General suggestions given by the experts are:

- All the KVKs were advised to take only two treatments while conducting OFTs i.e. one should be very specific Farmers Practice and the other should be the Intervention treatment.
- Senior Scientists & Heads/ In-charges of all the KVKs should attend the workshops. He/she should also present the report of his/her centre.
- Action Plan should be prepared according to the targets fixed by the ICAR. KVKs should have the target like 100 training programmes, 12 OFTs, 200 demonstrations, 200 q seed, 20000 saplings/planting materials and 10000 farmers to be covered under extension activities.

Assessment of technologies on farmers fields is very important activity of KVKs. During designing of trails farmers problem, situation and practice need to be well studied. All these points should be written to focus the points of assessment. Treatment should be well defined according to the problem. It should also be proven by any ICAR institution, SAUs and Govt.

National Webinar

on

“Protected Cultivation”

A national level webinar was conducted on “Protected Cultivation” on 17-02-2021. The webinar was conducted by the Mahamaya College of Agricultural Engineering & Technology, Akbarpur, ANDUAT Kumarganj, Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar were **Dr. Rakesh Sharada**, **Dr. D.B. Parakh**, **Dr. M. C. Singh**, and **Dr. Mintu Job**. Around **600 participants** were benefited from the webinar. The all the speakers cover different aspect of crop protection particularly from the abiotic stress. They mentioned, abiotic stresses affects the crop plants and cause decreases in plant quality and productivity. Plants can overcome environmental stresses by activating molecular networks, including signal transduction, stress perception, metabolite production and expressions of specific stress-related genes. The outcome of webinar was to increase the productivity per unit area by reducing the outbreak of disease and other adverse environmental parameters.

|  | <p>NATIONAL WEBINAR ON PROTECTED CULTIVATION (17-02-2021)</p> <p>ORGANIZED BY</p> <p>Mahamaya College of Agricultural Engineering & Technology, Akbarpur, Ambedkar Nagar, Uttar Pradesh-224122 Aacharya Narendra Deva University of Agriculture & Technology, Kumarganj, Ayodhya, Uttar Pradesh-224229</p> |  |
|  |   | |
| SOME GLIMPSE OF PROTECTED CULTIVATION | | |
|  | | |
| <p style="text-align: center; background-color: #4CAF50; color: white; margin: 0;">INTRODUCTION</p> <p>Protected cultivation is a process of growing crops in a controlled environment. This means that the temperature, humidity, light and such other factors can be regulated as per requirement of the crop. This assists in a healthier and a larger produce. There are various types of protected cultivation practices. Some of the commonly used practices are – forced ventilated greenhouse, naturally ventilated poly-house, insect proof net house, shade net house, plastic tunnel and mulching, raised beds and drip irrigation. These practices can be used independently or in combination, to provide favourable environment to save plants from harsh climate and extend the duration of cultivation or off-season crop production. Adoption of drip irrigation under raised beds covered with mulch films not only eradicates weeds but also maintains moisture in the soil for a prolonged period by minimising evaporation losses.</p> | <p style="text-align: center; background-color: #4CAF50; color: white; margin: 0;">OBJECTIVES OF PROTECTED CULTIVATION</p> <ul style="list-style-type: none"> ✔ Protection of plants from abiotic stress (physical or by non-living organism) such as temperature, excess/deficit water, hot and cold waves, and biotic factors such as pest and disease incidences, etc. ✔ Efficient water use with minimum weed infestation. ✔ Enhancing productivity per unit area. ✔ Minimizing the use of pesticides in crop production. ✔ Promotion of high value, quality horticultural produce. ✔ Propagation of planting material to improve germination percentage; healthy, uniform, disease free planting material and better hardening. ✔ Year-round and off-season production of flower, vegetable or fruit crops. ✔ Production of disease-free and genetically better transplants. | |

National Webinar
on
“Recycling of Crop Residues for Sustainable Agriculture”

A National Brainstorming Webinar was conducted on “**Recycling of Crop Residues for Sustainable Agriculture**” on **22-23 March, 2021**. The webinar was conducted by the College of Agriculture, Azamgarh, ANDUAT, Kumarganj Ayodhya. The **chief Patron** of webinar was **Dr. Bijendra Singh**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar were **Dr. Omkar Nath Singh, Dr. Manjeet Singh, Dr. D. K. Singh, Dr. Ram Pyare, Dr. Sumit Chaturvedi etc.** Around **621 participants** were benefited from the webinar. The objective of webinar was, how to use the crop residue as a fertilizer in agriculture. They focused, recycling of crop residues has the advantage for converting the surplus residues into useful product for meeting nutrient for soil microorganism as well as succeeding crops. Crop residues are a source of organic carbon for soil microorganisms and also contribute to plant nutrients. The outcome of webinar was, how to use of different crops residue as a fertilizer to reduce the use of inorganic fertilizer in agriculture to increase the crop production in sustainable manner.

Programme

| Time (hrs) IST | Topics | Speakers |
|---|---|--|
| Day 1 - Inaugural Session (22.03.2021) | | |
| 10:30 - 10:40 | Welcome | Dr. D. K. Singh, Dean College of Agriculture, Azamgarh, U.P. |
| 10:40 - 11:00 | Inaugural Address | Dr. Bijendra Singh, Vice-Chancellor ANDUAT, Ayodhya, U.P. |
| 11:00 - 11:15 | Key Note Address | Dr. Onkar Nath Singh, Vice-Chancellor, Chief Guest, Birsa Agricultural University, Ranchi, Jharkhand |
| 11:15 - 11:25 | Inaugural Remarks | Dr. Debadash Niyogi, Nodal Officer (ICAR - NAIIIP - ANDUAT), Kumarganj, Ayodhya, U.P. |
| 11:25 - 11:30 | Vote of Thanks for Inaugural Session | Dr. T. Pandiaraj, Associate Professor College of Agriculture, Azamgarh, U.P. |
| Day 1 - Technical Session (22.03.2021) | | |
| 11:30 - 12:30 | Practical approaches of rice straw management in the field | Dr. Manjeet Singh, Principal Scientist, Punjab Agricultural University, Ludhiana, Punjab |
| 12:30- 13:30 | Paddy residue management machine for combine harvested field | Dr. Raj Narayan Paterya Professor & Joint Director Research GIPUA&T, Pantnagar, Uttarakhand |
| 13:30 - 14:30 | Value-addition of crop residues by Fermentation Technology: A case study on Cotton | Dr. V. Magaswaram Scientist (Sr. Scale), ICAR - NBAIM, Mau, Uttar Pradesh |
| Day 2 - Technical Session (23.03.2021) | | |
| 10:00 - 11:00 | Rice residue management under rice - wheat systems of Indo- Gangetic Plains | Dr. Dhyanraj Kumar Singh Professor & CGM (Farm), GIPUA&T, Pantnagar, Uttarakhand |
| 11:00 - 12:00 | Conservation Agriculture: Way towards crop residue recycling and soil health sustainability | Dr. Bijendra Kumar Rai Senior Scientist, Jawaharlal Nehru Krishi Vishwa Vidyalaya, Jabalpur, M.P. |
| 12:00 - 13:00 | Crop Residue Biochar for climate resilient agriculture | Dr. Samit Chaturvedi Associate Professor, GIPUA&T, Pantnagar, Uttarakhand |
| 13:00 - 14:00 | Crop residue management for sustainable agriculture | Dr. Ram Pyare Professor, Chandra Shekhar Azad University of Agriculture & Technology, Kanpur, Uttar Pradesh |

National Brainstorming Webinar on Recycling of Crop Residue for Sustainable Agriculture

About the Webinar

India, the second largest agro-based country with year-round crop cultivation, generates on an average 500 million tons of crop residue per year. In the absence of adequate sustainable management practices, approximately 92 metric tons of crop waste is burned every year in India, causing excessive particulate matter emissions and air pollution leads to health issues as well as contributing to global warming. The government of India has attempted to curtail this problem, through numerous measures and campaigns designed to promote sustainable management methods such as converting crop residue into energy. Composting, biochar production and mechanization are a few effective sustainable techniques that can help to curtail the issue while retaining the nutrients present in the crop residue in the soil and improves the overall ecological balance of the crop production system.

Coverage Areas

- > Potential status of crop residues
- > Issues of residues burning
- > Climate resilient approaches for crop residues recycling
- > Newer approaches for recycling of crop residues

Who Can Participate?

All Farmers, Scientists, Faculty and Academicians, Research Scholars, Students, NGO, Govt. officials, Environmentalists and Other Volunteers

When & Where?

22nd & 23rd March, 2021; 10:30 hrs (IST)

Webinar will be conducted via ZOOM meeting and the link of the same will be shared on registered mail and whatsapp.

Registration

- > Registration is free
- > Last date of registration is 20th March, 2021
- > Link for joining the webinar will be shared to the registered participants via E-mail
- > E-Certificates will be provided to the registered participants attending the webinar and submitting the feed back.
- > Link for registration: <https://forms.gle/3oFw3o4> (or) use QR code
- > Click to join us Whatsapp Group after filled registration form

Workshop
on
“Summer Peanuts and Sweet Potato in the mainstream”

A one day workshop organized on “Summer Peanuts and Sweet Potato in the mainstream” on 8th April, 2021 by Krishi Vigyan Kendra Bahraich I under the aegis of Acharya Narendra Deva University of Agriculture & Technology, Kumarganj, Ayodhya in collaboration with Gramin Development Services (GDS), Lucknow. **Dr. V.P. Shahi**, Senior Scientist and Head, KVK Bahraich I welcome to all the participants and cited the need to understand the introduction of peanuts and sweet potatoes farming in the district. He hoped that the knowledge, research experience and expertise of the KVK scientists and authority of Gramin Development Services attending the workshop will aid in building capacities of the progressive farmers, farm women and rural youths towards promotion of peanuts and sweet potatoes in the mainstream of district. Senior Scientist Agronomy, **Dr. Shailendra Singh**, KVK Bahraich during his address he talk on the cultivation of peanuts in summer and sweet potatoes in winter is the need of the hour and it is important to identify scientific ways, so that farmers can be assured direct benefits from its farming and higher incomes. Addressing the workshop, **Dr. P. K. Singh**, Scientist said that farmers could give a chance to such alternative because there is no serious threat to food security since we are food surplus. Gramin Development Services officer talk about the nutritious food, good health and immunity increase during the pandemic. In this regard, he also highlighted the role of peanuts farming in providing nutritious food and it is considered as good source of micronutrients and macronutrients. More than 200 progressive farmers, farms women and unemployed youth participated in the workshop.

Lecture delivered during

Slide of potential of summer peanuts in the district

Webinar
on
“World Bee Day”

Directorate of Extension, Acharya Narendra Deva University of Agriculture and Technology, Kumarganj, Ayodhya organized a webinar to celebrate “World Bee Day” on 20th May, 2021. In this webinar, the Krishi Vigyan Kendra Amethi, Ambedkar Nagar, Azamgarh, Azamgarh II, Ballia, Basti, Chandauli, Gonda II, Mahrajganj, Mau, Siddharthnagar and Varanasi were participated to make the programme grand success. Senior Scientist and Head of all KVKs inaugurated the Webinar as a Chief Patron. ICAR-ATARI Director **Dr. Atar Singh** joined the virtual webinar at KVK Amethi, Azamgarh and Azamgarh II and speaking on this occasion that how honey bees can help in pollination and the production of crops can be increased by 30-40% depending on the crop. He appealed the farmers to introduce 5-6 honey bee boxes in maize, bajra, mustard, cucurbits, mango, apple, ber and other fruit crops. He guided the farmers about the importance of honeybee in crop production. He also suggested the rural youth to go for bee keeping as an allied business. **Professor A. P. Rao**, Director Extension, ANDUAT, Ayodhya, Chief Guest of the programme at various KVKs, has discussed in detail about the importance of World Bee Day, 2021 and beekeeping for doubling farmers’ income. The focus of his discussion was on increasing the production and productivity of honey and it’s by products. He also highlighted that packaging and marketing is playing a greater role in marketing of honey. Agronomy scientists of KVKs guided to the participants about the various activities of KVK related to Bee Keeping. Subject Matter Specialist (Plant Protection) has given a briefly presented about honey bee species, castes, bee hive management, pests and diseases, floral management, role of honeybees in increasing agricultural production/productivity, income from by-products of beekeeping etc. Progressive farmers in using Honey Bee hives in their farm also shared their experiences during the programme. About 1102 farmers, rural youths, students and KVK Scientists virtually participated and attended the webinar.

बेहतर आय के लिए करें मधुमक्खी पालन

संवाद न्यूज एजेंसी

जगदीशपुर (अमेठी)। कृषि विज्ञान केंद्र कटौरा में गुरुवार को विश्व मधुमक्खी दिवस के मौके पर ऑनलाइन प्रशिक्षण कार्यक्रम आयोजित हुआ। विषय विशेषज्ञों ने मधुमक्खी पालन के इच्छुक लोगों को आवश्यक टिप्स दिए।

कार्यक्रम के मुख्य अतिथि कृषि तकनीकी अनुप्रयोग एवं शोध संस्थान, कानपुर के निदेशक डॉ. अतर सिंह ने बताया कि मधुमक्खी पालन में आय एवं रोजगार की बहुत संभावनाएं हैं। किसान इससे शहद के साथ-साथ पराग, मौन विष व मोम का उत्पादन कर अतिरिक्त आय अर्जित कर सकते हैं। कृषि विश्वविद्यालय कुमारगंज अयोध्या के निदेशक प्रसार प्रोफेसर एपी राव ने बताया कि मधुमक्खी पालन के लिए किसी विशेष जगह की आवश्यकता नहीं होती है। इसलिए इसे कम लागत के रोजगार के रूप में अपनाया चाहिए। कार्यक्रम के आयोजक

उद्यमिता विकास के लिए हुई ऑनलाइन गोष्ठी, लोगों को दिया गया प्रशिक्षण

केवीके कटौरा के अध्यक्ष एवं चरिष्ठ वैज्ञानिक डॉ. आरके आनंद ने कहा कि खेत के आस पास मधुमक्खी पालन से फसलों में परागण की क्रिया बढ़ती है। जिसके कारण फसलों का उत्पादन भी बढ़ता है। विशेषज्ञ के रूप में कार्यक्रम से जुड़े रॉयल हनी एवं बी फार्मिंग सोसायटी के सचिव निमित सिंह ने लोगों को मधुमक्खी पालन की बारीकियों से अवगत कराया तथा अपना अनुभव साझा किया। केवीके गाजीपुर के अध्यक्ष डॉ. आर सी वर्मा ने मधुमक्खियों के रख-रखाव एवं उनके पोषण के बारे में बताया। अमेठी के जिला उद्यान अधिकारी डॉ. बलदेव प्रसाद ने मधुमक्खी पालन से संबंधित विभाग की योजनाओं की जानकारी दी। कार्यक्रम में ऑनलाइन 30 किसानों ने प्रतिभाग किया।

Webinar **on** **“Art of Mastitis Treatment”**

A Webinar was conducted on “Art of Mastitis Treatment” on 31 May, 2021. The webinar was conducted by the College of Veterinary Science and Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honorable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar were **Dr. Sanjay Awaghat, Dr. Amit Kumar Kushwaha and Dr. Akash Gupta**. There were several participants benefited from the webinar. All the speakers mentioned the detail about the Mastitis. It is an inflammation of breast tissue that sometimes involves an infection. The inflammation results in breast pain, swelling, warmth and redness. You might also have fever and chills. Mastitis most commonly affects women who are breast-feeding (lactation mastitis). But mastitis can occur in women who aren't breast-feeding and in men. Lactation mastitis can cause you to feel run down, making it difficult to care for your baby. Sometimes mastitis leads a mother to wean her baby before she intends to. But continuing to breast-feed, even while taking an antibiotic to treat mastitis, is better for you and your baby. The Participants leaned precautionary measure to treat the Mastitis in animal.

Webinar on “World Environment Day”

A Webinar was conducted on the occasion of “World Environment Day” on **5 June, 2021**. The webinar was conducted by ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar was **Dr. Rana Pratap Singh**. There were several participants, participated in this webinar. The objective of webinar was, how to keep our environment safe, eco-friendly and its protection from different pollutants to keep our planet evergreen. The first celebration, under the slogan “Only One Earth” took place in 1974. In the following years, WED has developed as a platform to raise awareness on the problems facing our environment such as air pollution, plastic pollution, illegal wildlife trade, sustainable consumption, sea-level increase, and food security, among others. Furthermore, WED helps drive change in consumption patterns and in national and international environmental policy.

“Effect of Hyaluronidase Treatment on Efficacy of *Sapindus mukorossi* Fruit Pericarp Extract for Decellularization of Caprine Rumen and Reticulum”

A synopsis seminar on the topic “Effect of Hyaluronidase Treatment on Efficacy of *Sapindus mukorossi* Fruit Pericarp Extract for Decellularization of Caprine Rumen and Reticulum” was presented by Dr. Anshul Kumar Niranjana, M.V.Sc. student, College of Veterinary Science & A.H. ANDUAT, Kumarganj Ayodhya on 08-12-2021. Total 12 participants were benefitted from this seminar.

Notice

The Synopsis Seminar of M.V.Sc. students of the College of Veterinary Science & A. H. will be conducted in the **Language Laboratory** (Dept. of Veterinary Medicine) as per the following schedule-

| Name of the student | Id. No. | Topic of the seminar | Date | Time |
|---|--------------|---|----------|---------------|
| Dr. Seema Chaurasiya (Dept. of LPT) | V-9067/15/20 | Studies on storage quality characteristics of Aloe Vera fortified milk shake with honey as sugar replacer. | 07-12-21 | 11 AM-12 noon |
| Dr. Khushboo Yadav (Dept. of LPM) | V-9042/15/20 | Effect of dietary supplementation of Moringa leaf meal and Neem leaf meal on the performance of Kadaknath layers. | 07-12-21 | 12 noon-1 PM |
| Dr. Anshul Kr. Niranjana (Dept. of VSR) | V-9032/15/20 | Effect of hyaluronidase treatment on efficacy of <i>Sapindus mukorossi</i> fruit pericarp extract for decellularization of caprine rumen and reticulum. | 08-12-21 | 2-3 PM |
| Dr. Pankaj Kr. Yadav (Dept. of VSR) | V-11713/20 | Decellularization of hyaluronidase treated caprine omasum and abomasums tissue by aqueous fruit pericarp extract of <i>Sapindus mukorossi</i> . | 08-12-21 | 3-4 PM |
| Dr. Peeyush Kr. Singh (Dept. of VSR) | V-11714/20 | Decellularization of caprine diaphragm and pericardium using hyaluronidase and <i>Sapindus mukorossi</i> fruit pericarp extract treatment. | 08-12-21 | 4-5 PM |

All members of the faculty and PG/Ph.D. students are requested to attend the same.

Seminar

On

“Effect of Histidine Supplementation on Performance, Hemato-Biochemical Profile and Carcase Characteristics of Broiler Chickens

A Synopsis seminar on the topic “Effect of Histidine Supplementation on Performance, Hemato-Biochemical Profile and Carcase Characteristics of Broiler Chickens” was presented by Dr. Nidhi Verma, M.V.Sc. student, College of Veterinary Science & A.H. ANDUAT, Kumarganj Ayodhya on 23-12-2021. Total 10 participants were benefitted from this seminar.

Notice

The Synopsis Seminar of M.V.Sc. students of the College of Veterinary Science & A. H. will be conducted in the **Language Laboratory** (Dept. of Veterinary Medicine) as per the following schedule-

| Name of the student | Id. No. | Topic of the seminar | Date | Time |
|---|------------------|---|----------|---------|
| Dr. Nidhi Verma (Dept. of ANN) | V-11715/ 20 | Effect of histidine supplementation on performance, hemato-biochemical profile and carcase characteristics of broiler chickens. | 23-12-21 | 3- 4 PM |
| Dr. Jadhav Akshay Waghambar (Dept. of ANN) | V- 11786/ 20 | Effect of dietary nicotinic acid supplementation on the performance of broiler chickens. | 23-12-21 | 4- 5 PM |
| Dr. Nitish Gupta (Dept. of LPM) | V-11775/ 20 | Effects of dietary <i>Spirulina platensis</i> supplement on broiler chickens performance. | 24-12-21 | 3- 4 PM |
| Dr. Anil Kumar (Dept. of AHE) | V-8330/14/ 20 | Entrepreneurial behaviour of small dairy farmers in Ayodhya district of Uttar Pradesh. | 05-01-22 | 3- 4 PM |

All members of the faculty and PG/Ph.D. students are requested to attend the same.

“Decellularization of Caprine Trachea and Ear Cartilage Using 5% Aqueous Extract of Fruit Pericarp of *Sapindus mukorossi*”

A thesis seminar on the topic “Decellularization of Caprine Trachea and Ear Cartilage Using 5% Aqueous Extract of Fruit Pericarp of *Sapindus mukorossi*” was presented by Dr. Anil Kumar, M.V.Sc. student, College of Veterinary Science & A.H. ANDUAT, Kumarganj Ayodhya on 27-07-2021. Total 25 participants were benefitted from this seminar.

Notice

The Thesis Seminar of M.V.Sc. students of the College of Veterinary Science & A. H. will be conducted online using Google meet/Zoom App as per the following schedule-

| S. N. | Name of the student | Id. No. | Topic of the seminar | Date | Time |
|-------|--|---------------|--|----------|---------------|
| 1 | Dr. Raj Kapoor Verma (Dept. of LPM) | V-11216 /19 | Studies on Shatavari supplementation on the performance of broiler chickens. | 24-07-21 | 3- 4 PM |
| 2 | Dr. Shailendra Kumar Singh (Dept. of LPM) | V-11217 /19 | Effect of ginger and garlic supplements on the performance of broiler chickens. | 24-07-21 | 4- 5 PM |
| 3 | Dr. Vatsal Verma (Dept. of LPT) | V-11214 /19 | Process optimization and quality characteristics of turmeric fortified milkshake with honey and sugar replacer. | 26-07-21 | 11 AM-12 noon |
| 4 | Dr. Versha Verma (Dept. of LPT) | V-8360/14 /19 | Efficacy of <i>Moringa</i> leaf powder on storage quality of chicken nuggets under refrigeration condition. | 26-07-21 | 12 noon-1 PM |
| 5 | Dr. Anil Kumar (Dept. of VSR) | V-11210 /19 | Decellularization of caprine trachea and ear cartilage using 5% aqueous extract of fruit pericarp of <i>Sapindus mukorossi</i> . | 27-07-21 | 11 AM-12 noon |
| 6 | Dr. Saurabh Kumar Tripathi (Dept. of VSR) | V-11212 /19 | Development of caprine rumen and reticulum derived extracellular matrices by using fruit pericarp of <i>Sapindus mukorossi</i> . | 27-07-21 | 12 noon-1 PM |

All members of the faculty and PG/Ph.D. students are requested to join the same through Google meet/ Zoom App.

“Standardization and Quality Evaluation of Low Fat Fiber Enrich Paneer”

A Seminar on the topic “Standardization and quality evaluation of Low fat fiber enrich paneer” was held on 23-07-2021 by M.Sc. student Ms. Pooja (H-8697/15/19) in College of Community Science, ANDUAT, Kumarganj, Ayodhya and total no. of participants were 11.

Thesis Seminar

Speaker
 Student : Puja
 ID NO : 11-28073/15/19
 Date : 23.7.2021
 Time : 12 Noon
 Mode : On-line
 Topic : "Standardization & quality control of low fat, fiber enriched products"
 Link : <https://meet.google.com/Phy-Fdgd-1to>
 The Following attended :-

The screenshot shows a Zoom meeting in progress. On the left, a presentation slide titled "MEASUREMENT OF LIPIDOLYTIC ACTIVITY FOR THE PRODUCTION OF LOW FAT PRODUCTS" is displayed. The slide contains a table with columns for 'S. No.', 'Lipidolysis', and 'Percentage of Lipidolysis (%)'. The table lists four entries (a, b, c, d) with corresponding values for 'Lipidolysis' and 'Percentage of Lipidolysis (%)'. Below the slide, there are video thumbnails for 'Zeenat', 'You', and 'None others'. On the right, a list of participants is visible, including 'Puja Yadav (You)', 'anjali choudhary', 'Dr. Abha Singh', 'Pallavi Singh', 'Parul Maurya', 'PUJA YADAV (Present...', 'PUJA YADAV', 'ruma devi', 'Sachna Singh', 'Swapnil Singh', and 'Zeenat Aman'.

| S. No. | Lipidolysis | Percentage of Lipidolysis (%) |
|--------|-------------|-------------------------------|
| a. | 100 | 100 |
| b. | 100 | 100 |
| c. | 100 | 100 |
| d. | 100 | 100 |

Seminar

On

“Effect of foliar feeding of nutrients on yield and quality of ber Banarasi karaka”

A thesis seminar on the topic “Effect of foliar feeding of nutrients on yield and quality of ber Banarasi karaka” was presented by Mr. Ritik, M.Sc. student, College of Horticulture and Forestry, Kumarganj, Ayodhya on 09-07-2021. Total 13 participants were benefitted from this seminar.

National Seminar

on

“Keeping Salt Affected Soils Alive: Boosting Soil Health and Agri-productivity”

A National seminar was conducted on “**Keeping Salt Affected Soils Alive: Boosting Soil Health and Agri-productivity**” on 5 Dec, 2021. The seminar was conducted by the College of Agriculture, ANDUAT, Kumarganj Ayodhya. The **chief Patron** of seminar was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speaker of seminar was **Dr. V. K. Mishra**. There were several **participants** benefitted from this seminar. The objective of webinar was, how to increase the productivity of salty affected land. The speaker well discussed on the fertilizers and its role to increase the farmer’s production by supplementation of different nutrients in the soil. Just like humans need a good diet to be healthy and strong, so do our soils. Most fertilizer products provide either a single nutrient, or include a group of nutrients. Plants need a total of 17 nutrients to complete their life cycle of growth and seed production, and fertilizers – whether mineral or organic – help the soil provide those vital nutrients to our crops. When a nutrient is absent, or in low supply, the growth and yield of the plant is severely limited. This seminar useful for participants to leaned different techniques how to use salt affected land and how this soil make healthy to cultivation of different agriculture crops.

National Workshop
On
“Challenges and opportunities in free ranging and captive elephant management”

A National Workshop was organized on **“Challenges and opportunities in free ranging and captive elephant management”** on **11 August, 2021**. The workshop was conducted by the College of Veterinary Science and Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of workshop was **Dr. Bijendra Singh**, Hon'ble Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. Various participants were benefited from the workshop. The speaker mentioned the place where Elephants can be found in various captive facilities such as a zoo, sanctuary, circus, or camp, usually under veterinary supervision. They can be used for educational, entertainment, or work purposes. They also covers, the captive elephants have significantly lower life spans than their wild counterparts and are usually dead before the age of 40. Captive elephants suffer from chronic health problems, such as tuberculosis, arthritis, and foot abscesses, which nearly always lead to premature death. The outcome was to implications of different aspects to captive and semi captive management and safety of elephant.

Seminar
on
“Special Swachhta Abhiyan 2.0 and Live Webcasting of PM Kisan Samman Sammelan”

Krishi Vigyan Kendra, Barasin, Sultanpur, Gorakhpur, Bahraich, Mau, Barabanki districts under aegis of Acharya Narendra Deva University of Agriculture & Technology, Kumarganj, Ayodhya organized a seminar on Special Swachhta Abhiyan 2.0 and Live webcasting of Honourable Prime Minister of India Sri Narendra Modi at Indian Agricultural Research Institute, New Delhi as a part of "Pradhana Mantri Kisan Samman Sammelan" on 17th October, 2021. On this occasion, Senior Scientists & Heads, KVKs enlighten and release of the 12th instalment amount of Rs. 16,000 crores under the *Pradhan Mantri Kisan Samman Nidhi* (PM-KISAN) through Direct Benefit Transfer and also about the inauguration of the Agri Startup Conclave and Exhibition. He also addressed the farmers on adopt technology-based modern farming techniques and also boosting of scientific methods in agriculture and maximum use of technology. Later the Senior Scientist of KVKs enlighten the seminar and inauguration of fertilizer retail shops into *Pradhan Mantri Kisan Samruddhi Kendras* (PMKSK) under the Ministry of Chemicals & Fertilizers to cater a wide variety of needs of the farmers and provide agri-inputs (fertilizers, seeds, implements); testing facilities for soil, seeds, fertilizers and also created awareness about the *Bhartiya Jan Urvarak Pariyojana*-One Nation One Fertilizer which will help companies market fertilizers under the single brand name "Bharat". Further, Scientist of Horticulture addressed the farmers about the Integrated Farming System to generate employment and income. As a part of this programme, presence of Government and public representative of the districts appealed the farmers to take advantage of Krishi Vigyan Kendra and Farmers Producer Organization for crop diversification and other schemes. Anchoring and vote of thanks was done by Farm Managers, in all 1058 farmers, farm women, public representatives, officials etc. at participated in the events organized by various KVKs.

National Seminar
On
“Innovative Biotechnological Approaches for Enhance Fertility, Health and Productivity of Live stock to Boost the Farmers Economy”

A National Seminar was organized on “**Innovative Biotechnological Approaches for Enhance Fertility, Health and Productivity of Live stock to Boost the Farmers Economy**” on **17-18 December, 2021**. The seminar was conducted by the College of Veterinary Science and Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of seminar was **Dr. Bijendra Singh**, Hon’ble Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. About **200 participants** were benefited from the seminar. The objective of seminar was to highlight the various biotechnological approaches which are used in improving the breeding stock of animals. The livestock sector globally is highly dynamic. In developing countries, it is evolving in response to rapidly increasing demand for livestock products. In developed countries, demand for livestock products is stagnating, while many production systems are increasing their efficiency and environmental sustainability. Historical changes in the demand for livestock products have been largely driven by human population growth, income growth and urbanization and the production response in different livestock systems has been associated with science and technology as well as increases in animal numbers. The outcome was to harness different aspects of the livestock industry to hasten breed development for improved animal health and welfare, enhanced reproduction, and improved nutritional quality and safety of animal-derived foods.

National Webinar

on

“Role of woman in agriculture sector for making India self-reliant”

A National Webinar was conducted on **“Role of woman in agriculture sector for making India self-reliant”** on 2 Feb, 2022. The webinar was conducted by the College of Veterinary Science and Animal Husbandry, ANDUAT, Kumarganj, Ayodhya. The **Chief Patron** of webinar was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The eminent speakers of webinar was **Padmashree Dr. Sosamma Iype**. There were several participants benefitted from this webinar. The objective of webinar was, how women make herself independent or entrepreneurs in agriculture and other allied activities. She mentioned the Agriculture is the backbone of India and Women are the backbone of the Indian agriculture sector. The nature and extent of women's involvement in agriculture varies greatly from region to region. But regardless of these variations, women are actively involved in various agricultural activities. She spoke about the importance of women's contribution to agriculture is very crucial in making the sector self-reliant. She also commented about women's contribution in every sector including agriculture. The occasion also marked the release of various ICAR Publications by the dignitaries. The participants learned several aspects of businesses, to start her setup to increase her income or make herself independent.

Sight seeing

Ayodhya is a legendary spiritual centre on the banks of River Sarayu that attracts the visitors with its serene ghats and countless temples. It is counted as one of the seven sacred cities in the Hindu faith. Being the birthplace of Lord Rama and the five of Jainism's 24 Tirthankars, this land has many mythological and sacred bonds. According to the epic Ramayana, Ayodhya was home to the Ikshvaku dynasty, from which Lord Rama, the most illustrious of its rulers is said to have descended. Ayodhya is a significant spiritual centre for other faiths as well, Jainism in particular. The buzz of life as usual, fervour of visiting devotees, chiming temple bells and melodious chanting, all offer Ayodhya a singular spiritual ambience. Home to countless multi-faith temples, as many Dharmshalas (hermitages) and Akhadas (resting places for sadhas), the place is further enlivened by the presence of all manner of supplicant, sage, scholars and such like.

- Excursion tour to Ayodhya may be arranged by organisers on 8th on payment basis provided sufficient number of delegates expresses their desire and willingness to participate in such program.
- Arrangements for Local transport will be made by the organizing committee only after prior information of the tour program

About host institute

Acharya Narendra Deva University of Agriculture & Technology, Kumarganj was established in 1974 with the aim to uplift the socio-economic conditions of the farmers of Eastern Uttar Pradesh. At present, university caters to the farmers needs through nine colleges, twenty five KVKs, four KGRs and six crop research stations (CRS) that spread across the twenty six districts of Eastern Uttar Pradesh. College of Veterinary Science and Animal Husbandry is one of its constituent college with the basic structure and course content of under graduate teaching as per Veterinary Council of India guide lines, whereas the curricula of post graduate teaching is as per ICAR guidelines. Since its inception in 1994 the college has undoubtedly grown by leaps and bounds and has significantly contributed to boost animal health and productivity.

Accommodation for delegates will be arranged in university guest house on first come first serve basis on payment. Accommodation in star rated hotels in Ayodhya can also be made at their own cost. Tariff begins from Rs. 2000-3000/day/person (on share basis in double occupancy). Those who require accommodation should pay in advance along with registration fees on or before 28/4/22. The students registered by the key date will be considered for dormitory accommodation at nominal cost in university premises.

Registration

All the delegates have to register themselves by paying the registration fee as per the details given below in account mentioned below. Registration fee includes admission to all scientific sessions, conference kit and local hospitality. However, no kit will be provided to accompanying persons.

Registration of author presenting the paper is mandatory.

https://docs.google.com/forms/d/e/1FAIpQLSQMZWIRoXCrbKs7RoiwU17SSYHJLgPaT7ZApKJLUBqVA/viewform?usp=pp_url

Call for abstracts

The abstracts of original research work related to the Seminar's themes are invited from all the participants. The abstracts in MS word (not exceeding 250 words, Times new roman font, size 12, single spacing) can be submitted by **28th April 2022** to organizing committee through email at abstractcommittee@vipm.org.

The submitted abstract should contain

1. Title in capital letter with three key words
2. The name of authors and institution with name of presenting author duly underlined
3. Name of Presenting author duly underlined

Conference Proceedings

The abstracts/ papers accepted for presentation at the conference will be published in the form of conference abstracts and proceedings book.

Conference Awards

1. VIPM appreciation award

2. VIPM Young Scientist award

- Category I- Ruminant Medicine,
- Category II- Companion Animal Medicine,
- Category III- Wild life, Equine medicine, Avian medicine and others
- Dr HP Lal Young Scientist award (Any field of Veterinary Medicine)

3. Best Poster/ Paper Presentation Awards in different sessions

4. **Smt Balkanti Devi Damodar Prasad Varshney Award for Excellence in Post Graduate Research in Bovine Medicine for 2020 And 2021.** (Thesis submission should be between 1-1-2020 to 31-12-2020 for 2020 and between 1-1-2021 to 31-12-2021 for the year 2021, Area of work Bovine medicine only, Must be life member of VIPM. Attach PDC)

5. **Shri Lal Bahadur Shastri VIPM best PG and Ph.D. thesis award for 2020 and 2021.** (Master's degree / Doctoral in the field of Veterinary Medicine respectively, Thesis submission should be between 1-1-2020 to 31-12-2020 for 2020 and between 1-1-2021 to 31-12-2021 for the year 2021, must be life member of VIPM, Application Fees Rs-500 with PDC)

6. Best Participant Award

About the seminar

Thematic areas

1. Farm animal and production medicine
2. Companion animal medicine
3. Equine/wild animals/wildlife medicine/other animals medicine
4. Advances in Alternate medicine
5. Practicing Vet Session
6. Corporate-delegate interaction
7. Technological interventions transforming rural India
8. Young Scientist Award Session

| Category | On or before 25 th April 2022 | After 25 th April 2022 |

Workshop on “Women Safety”

A two days, workshop was conducted on the occasion of International Women’s Day on 7-8 March, 2022. The topic of seminar was “**Women Safety**”. The workshop was conducted by the community Science College, ANDUAT Kumarganj, Ayodhya. The **chief Patron** of workshop was **Dr. Bijendra Singh**, Honourable Vice Chancellor, ANDUAT, Kumarganj, Ayodhya. The speakers of workshop were **Dr. Rakesh Panday, Dr. Rajesh Srivastava, Dr. Sanjay Pathak, and Dr. R. K. Mishra etc.** Around **200 participants** were benefited from the workshop. The objective of workshop was, how women protect herself in various circumstances. They focused on Women's safety which involves strategies, practices and policies which aim to reduce gender-based violence (or violence against women), including women's fear of crime. Women's safety involves safe spaces. Space is not neutral. Space which causes fear restricts movement and thus the community's use of the space. The participants leaned various aspect of safety in day to day life.

Training on “Personality development and Soft Skills”

A three days training programme was organized on “Personality development and soft skills” from 28-30 March, 2022. The training programme organized by Directorate of Training and placement organized an online personality development and soft skills training program under ICAR-NAHEP IG project. The training of training was **Dr. Kaushal Raut**, from Skill development organization. The total 90 students were benefitted from this training programme. This training will help in the personality development, is an integral part on the professional front, especially in today's competitive world. Expression of knowledge in a proper manner is the most important aspect that a student needs to learn. Sessions focused on attitude, motivation and confidence and time management to bring a change in perception towards life.

Workshop cum Training

on “Soil Testing Kit”

A workshop cum training programme was organized on “Soil Testing Kit” on 29th June, 2022 at Directorate of Extension, Acharya Narendra Deva University of Agriculture and Technology, Kumarganj, Ayodhya. The Chief Patron of training cum workshop was **Professor A. P. Rao**, Hon’ble Director Extension, ANDUAT, Kumarganj, Ayodhya. The different speakers talk about the Soil Fertility and Productivity, Use of Soil Testing Kit, Proper Handling and Hands on Practice of Soil Testing Kit. The 25 Scientists/Subject Matter Specialists of Soil Science/Agronomy from 25 different Krishi Vigyan Kendra of eastern Uttar Pradesh were benefited from the training cum workshop programme. The all the speakers cover different aspect of soil fertility, soil testing kits, its use and importance. Soil testing Kits was procured by the Directorate of Extension to these different KVKs with the financial assistantship of Indian Council of Agriculture Research, New Delhi. Therefore, a hand on practice with the kit was necessary to the KVKs scientists. The workshop programme was formulated and conducted for the scientists. Hands on training were also organized by the supplier and each scientist was also run the soil testing kit. The workshop was organized by **Prof. R. R. Singh**, Soil Scientist, Directorate of Extension. Nominal fee structures of major nutrient tests and minor nutrients test was also discussed during the workshop and running cost and maintenance charges were also considered during the formulation of fee structure. It was also decided by the delegates that a minimum of 2000 samples were tested by each KVKs during a year as by the Indian Council of Agriculture Research.

Seminar

On

“Genetic variability character association and genetic divergence in brinjal (*Solanum melongena* L.)”

A thesis seminar on the topic “Genetic variability character association and genetic divergence in brinjal (*Solanum melongena* L.)” was presented by Mr. Sandeep Kumar, M.Sc. student, College of Horticulture and Forestry, Kumarganj, Ayodhya on 23-06-2022. Total 15 participants were benefitted from this seminar.

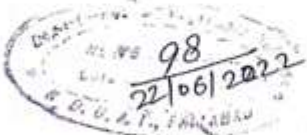

PGS - 12

Thesis Seminar

Mr. Sandeep Kumar Id.No.H-11712/20 a student for M.Sc. (Horticulture) degree with major in Vegetable science and minor in Fruit science. Will deliver his thesis seminar as given below:

Date-23/06/2022
Time 10:30 am.
Venue- Seminar room
Thesis Title-“Genetic variability, character association and genetic divergence in brinjal (*Solanum melongena* L.)”
Speaker-Sandeep Kumar

All the faculty members and students are invited to participate and make valuable contributions.

Seminar

On

“Studies on genetic variability, character association path coefficient and genetic divergence in fennel (*Foeniculum vulgare* Mill.)”

A thesis seminar on the topic “Studies on genetic variability, character association path coefficient and genetic divergence in fennel (*Foeniculum vulgare* Mill.)” was presented by Mr. Jaswant Prajapati, M.Sc. student, College of Horticulture and Forestry, Kumarganj, Ayodhya on 29-06-2022. Total 18 participants were benefitted from this seminar.

Thesis Seminar

PGS - 12

Mr. Jaswant Prajapati Id.No. H-11707/20 a student for M.Sc. (Horticulture) degree with major in Vegetable science and minor in Fruit science will deliver his thesis seminar as given below:

Date-29/06/2022

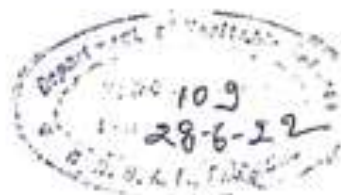

Time: 10:30 AM

Venue- Seminar room

Thesis Title - “Studies on genetic variability, character association, path coefficient and genetic divergence in fennel (*Foeniculum vulgare* Mill.).

Speaker- Jaswant Prajapati

All the faculty members and students are invited to participate and make valuable contributions.

Chairman Advisory Committee

Name Dr. G.N. Ram
Associate Professor
Department of vegetables science

Seminar

On

“Genetic variability and genetic divergence analysis in Fennel (*Foeniculum vulgare* Mill.)”

A thesis seminar on the topic “Genetic variability and genetic divergence analysis in Fennel (*Foeniculum vulgare* Mill.)” was presented by Mr. Manish Kumar Gautam, M.Sc. student, College of Horticulture and Forestry, Kumarganj, Ayodhya on 29-06-2022. Total 16 participants were benefitted from this seminar.

PGS - 12

Thesis Seminar

Mr. Manish Kumar Gautam Id.No. A-9252/16/20 a student for M. Sc. (Horticulture) degree with major in Vegetable science and minor in Fruit science will deliver his thesis seminar as given below:

Date-29/06/2022

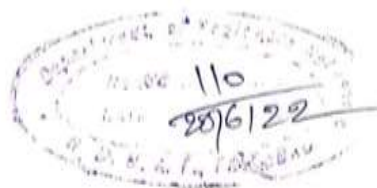

Time: 11:30 am

Venue- Seminar room

Thesis Title -“Studies on genetic variability, correlation and divergence analysis in fennel (*Foeniculum vulgare* Mill.)”

Speaker- Manish Kumar Gautam

All the faculty members and students are invited to participate and make valuable contributions.

Seminar

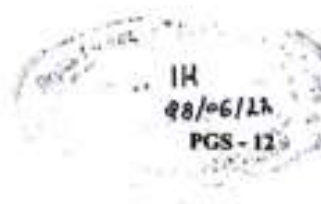

On

“Studies on genetic variability, and divergence analysis for yield and its attributing trait in coriander (*Coriandrum sativaum.*)”

A thesis seminar on the topic “Studies on genetic variability, and divergence analysis for yield and its attributing trait in coriander (*Coriandrum sativaum.*)” was presented by Mr. Niharika Singh, M.Sc. student, College of Horticulture and Forestry, Kumarganj, Ayodhya on 29-06-2022. Total 18 participants were benefitted from this seminar.

Thesis Seminar

Miss Niharika Singh, Id.No. H-11710/20, a student for M.Sc. degree with major in Vegetable Science and minor in Fruit Science will deliver her thesis seminar as given below:

Date: 29/06/2022

Time: 11:30 am

Venue: Department of Vegetable Science

Thesis Title: "Studies on genetic variability and divergence analysis for yield and its attributing traits in Coriander (*Coriandrum sativum* L.)"

Speaker: Niharika Singh

All the faculty members and students are invited to participate and make valuable contributions.
