SUB: Testing of our Paddy Res.Variety DAMINI (Not Hybrid)

Dear Sir

As per my recent communication with you, we are herewith sending two kg of our above said paddy Res. Variety for testing in your Kharif-2018 trials across the potential locations in Uttar Pradesh.

Sir, our above Res. Variety comes under mid-early group with medium slender type, hence, please include the corresponding duration and grain type varieties as local checks for comparison evaluation.

We are herewith enclosing D.D towards testing fee.

The details of the D.D as follows.

D.D number: 819464 (P.N.B Varanasi) Am - 60,000/-

Dated: 08/06/2018

Kindly acknowledge the receipt of the same.

Dear Sir,

This is to inform you that ICAR-Indian Institute of Wheat and Barley Research Karnal has received a request from Gharda Chemicals Limited, Maharashtra to conduct a research trial for testing of Fipronil 0.6 % GR- against Stem borer & Armyworm in Wheat for 2 seasons (Rabi 2020 and Rabi 2021). As the product is required to be tested at four locations, we would like to choose Ayodhya as one of the locations and want to include **Dr. Sameer Kumar Singh, Assistant Professor (Entomology)** in the project as Co-PI. Preliminary discussion about the project details has already been done with Dr. Sameer Kumar Singh and Dr. S.P. Singh (Assistant Professor, Plant Pathology-Wheat) telephonically.

As per ICAR guidelines, the product testing fee is Rs 20,000/treatment/insect species/season. There are eight treatments proposed, therefore based on calculations, the you will receive Rs. 6,40,000 (Rs. Six lakhs and forty thousand only) as contingency grant. The details of project cost calculations is given below:-

- Treatments=8
- Insect-pest spp.=2
- Cost per treatment per season= Rs. 20,000/
- Total cost per season=8x2x20,000/= Rs.3,20,000/
- Seasons=2
- Total cost for two seasons= Rs. 3,20,000/X2= Rs.6,40,000/ (Rs. Six lakhs and forty thousand only)

As a coordinator of the project, ICAR-IIWBR will receive the funds from the company and then it will be distributed among institutions of co-investigators of the project.

In this regard, please give permission to include Dr. Sameer Kumar Singh as Co-Pi in the project and also for the conduction of the trial. Protocol for testing the product is attached.

An early response from your side will be helpful.

Thanks and regards,

12/22/2020

Dear Sir,

With reference to your official letter no. **109/DR/2020 dated 06/06/2020** regarding testing of our mid late group rice hybrid namely **Ankur -7576** under three doses of nitrogen fertilizers in your reputed university.

We have submitted **2 kg seed of hybrid Ankur -7576** along with other company market check **Arize -6444 Gold** to **Dr. Vedprakesh , Head , Dept. of Soil Science & Soil Chemistry on 09/06/2020**

The recommended dose of N:P: K will be as 150:75:75 kg/hectare respectively. The trial to be conduct on fallowing three doses of Nitrogen:

1. 50 % Less than RDF (Nitrogen)
2. 75% Less than RDF (Nitrogen)
3. 150 kg Nitrogen /hectare (RDF)

The other fertilizers and agronomic practices to raise healthy crop will be applicable as per university guidelines. You are requested to do your needful. The testing fee of **Rs 240000/-** for nitrogen level trial and university trial will be transferred shortly in name of Comptroller , ANDU&T,Kumargunj , SBI bank branch -Pathia.

Thanking you  
With Regards
